92nd YEAR No. 45

FIFTEEN CENTS

Lifeguard saves young swimmer from drowning

Frank Bessette of 983 Main St. in Antioch was the lifeguard given credit for saving an eighth grader from drowning last Thursday in a Camp Duncan YMCA pool near Volo.

Bessette, a freshman at the College of Lake County, saved Duane Marshall, a student at Roosevelt School in

Bellwood. Marshall was reported in satisfactory condition at McHenry Hospital over the weekend and was discharged Tuesday morning.

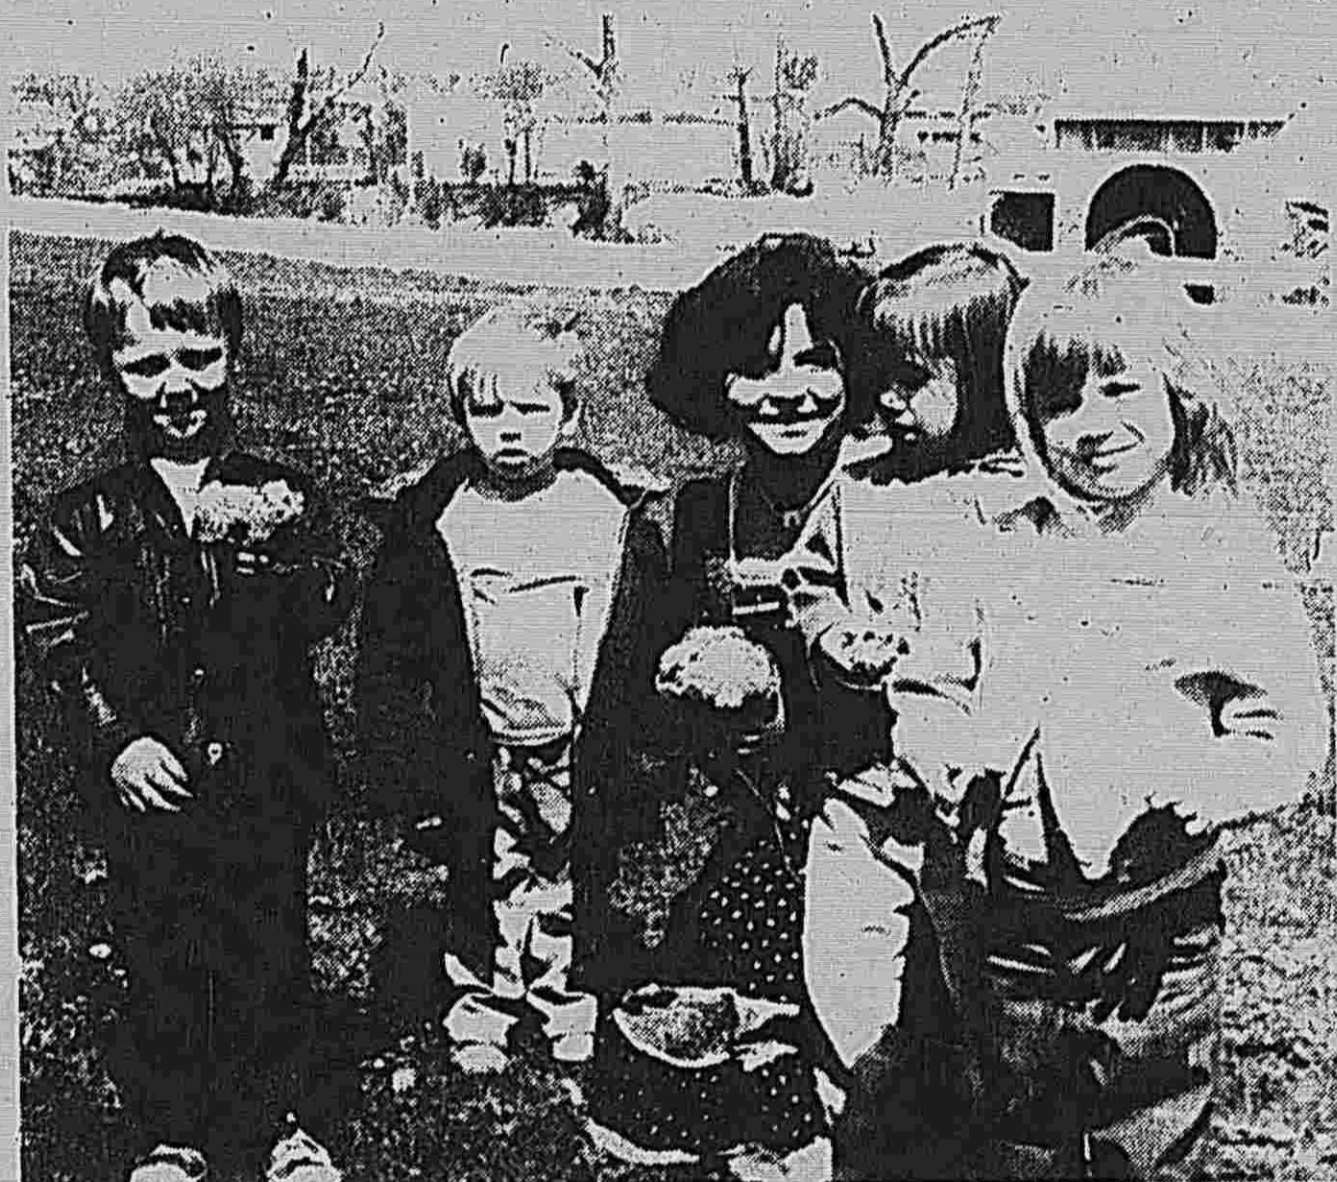

Bessette said he was the lifeguard on duty at the time. He spotted Marshall in 12 feet of water and said at first he thought he was swimming. When he realized he was not,

he dove in and pulled him out. There were 85 other children in the pool at the time.

The lifeguard said he immediately gave the boy mouth-to-mouth resuscitation and revived him. He estimated that Marshall was in the water less than three minutes before being rescued.

The Fox Lake Rescue Squad administered oxygen to Marshall en route to McHenry Hospital.

Bessette, whose father is the Rev. T.A. Bessette, pastor of St. Ignatius Episcopal Church in Antioch, said he "Wasn't scared. I was just doing my job as a lifeguard."

DANDELIONS BOTHER SOME homeowners, but they're a source of joy to youngsters at the Peppermint Stick Pre-School. Gathering bouquets of the yellow flowers on a sunny day last week were (from left) Todd Bloom, Christopher Pendergraph, teacher Cindy Kitterman, Christine Moore and Beth Schaefer.

RTA to hold hearing in Grayslake

The board of directors of the Regional Transportation Authority will hold a public hearing at 7:30 p.m. Thursday at the College of Lake County in Grayslake.

The hearing will be on RTA's proposed program and budget for 1979 and the five-year transit program for 1979 through 1983.

Residents of Lake County can express their opinions and ideas so they may be considered when the RTA board adopts a final budget for 1979.

Today's Brightener

A suburbanite put on a last minute burst of speed to catch his train—but missed it. A bystander remarked, "If you had just run a little faster, you would have made it."

"No," the suburbanite replied, "It wasn't a case of running faster, just starting sooner."

Police now have 5 squad cars

The village of Antioch enhanced its police protection at Monday night's board meeting by purchasing a new squad car.

The trustees accepted the bid from John Teresi Chevrolet-Oldsmobile for a 1978 Chevrolet Nova 4-door sedan. The price will be \$4,890 and will boost the number of village squad cars from four to five.

A NEW DUMP TRUCK ALSO was purchased by the village. The successful bidder was Nor-Mal, Inc., the firm that recently took over Olson Implement Co. The dump truck will cost \$22,775.

In other action, the trustees authorized issuing a one-day liquor license to the Antioch Lions Club for Sunday, July 2, when the new sawmill will be dedicated.

A one-day liquor license also was issued to the Antioch

New subdivision plans discussed

Plans for a new subdivision, with 46 housing units, were tentatively approved Monday night by the Antioch board of trustees.

It will be called Anita Park subdivision and is scheduled to have 15 duplexes, plus four buildings containing four apartments each.

It will be located just east of Anita St. and just north of Depot St. Rinear Rd., which is now a private deadend street, will be extended into the center of the subdivision.

THE BUILDERS HOPE to break ground in July and Please turn to page 6

AFTER THE GAME, Don Jackson of the Savings & Loan, holding his cup aloft, toasted members of the winning State Bank team. Front row from left: Karon Wiese, Sandy Witthuhn, Denise Wells (peeking from a kneeling position), Bob Pirko and Bill Groeninger. Behind them, from left to right, are Glenn Hendrickson, Ann Metz, John Burnett and Mr. Jackson.

(More pictures of the "Great Softball Challenge" appear on pages 18 and 19.)

High School blood drive successful

The 5th annual Red Cross Blood Drive was held last week at Antioch High School.

This year the blood drive was hosted by the school's Teachers Association.

Ann Kakacek was chairman and Cathy Aschbacher was the student council coordinator.

The following groups also participated - St. Peter's Catholic Church, Antioch High School junior and senior students and high school staff and administrators.

DURING THE DRIVE there were 123 pints of blood donated.

"Each person who donated a pint of blood has given a gift of love to their family members in case of an emergency," Mrs. Kakacek said.

Nurses from the area volunteered to assist the blood mobile nurses for the day. The local nurses handled blood pressure checks, medical histories, temperatures and assisted the bloodmobile nurses in other ways.

"A very special thanks goes out to these gracious people," Mrs. Kakacek said. "Barbara Koss coordinated the volunteer nurses from the area."

Also assisting with the drive were 16 Antioch High School students. They aided the qualified nurses and the student council members from the high school also handled the recruitment of the 17 and 18-year-old students. The student donors have provided coverage for their family members if there is ever a need for blood.

"This year's blood drive was a total success due to the efforts of everyone involved. Time, skills and blood were all given generously. The 6th annual blood drive is scheduled for May 15, 1979," Mrs. Kakacek said.

SENIOR CLASS OFFICERS preparing for the Sunday, June 4, graduation ceremonies at Antioch High School are (front row) Sherri Bechtold, president, and Kay Westlund, secretary. Behind them are Beth McLellan, treasurer, and James Difuro, vice-president.

West End Service & Mini Mart opens

A new service station-mini mart has opened at Rte. 173 and 59 in Antioch.

It will offer its customers grocery items, dairy products, beer and pop, as well as friendly service.

The West End Service and Mini Mart is managed by two sisters, Lee Koenig and Lou Parker, whose father originally started the station in 1942.

Mrs. Koenig said her dad, Boyd Osmond, leased the station out over the years but never sold it. The new co-owners of the station-mini mart are their husbands, Sid Parker and Rick Koenig.

The sisters said the station will be a

retail Standard Oil pumper in conjunction with the mini mart.

The mini mart, which also offers such things as cigarettes, gum, potato chips, candy, peanut butter and paper towels, will expand in size to accommodate a larger supply of goods. However, they said they do not plan to build until sometime after the peak season later in the fall.

The sisters said their business is progressing as people notice their sign and stop in. They have only been in operation about two weeks but if the flow of customers is any indication, they feel they are headed for success.

Excuses rarely fool people, despite the notion to the contrary.

Most people are limited by their inability to appreciate others.

Napoleon was an insomniac who only slept three or four hours a night.

JOHN McDOUGAL

Lions schedule annual prep sports dinner

The Antioch Lions Club is sponsoring an athletic banquet Monday, May 22, honoring high school athletes.

This year's banquet will honor senior boy and girl athletes, as well as senior cheerleaders, pom-pom, color guard, senior marching band members and the most valuable athlete in 16 sports areas. The 37th annual event will be at 6:30 in the ACHS commons and cafeteria.

"EACH TEEN GUEST is encouraged to bring a father, a mother or an adult guest. The club would like to limit the adult guest to one since there is limited seating. Tickets will be available at the door at a cost of \$4," Athletic Director Ward A. Lear said.

The club will have John McDougal, varsity basketball coach at Northern Illinois University, as guest speaker.

When McDougal took the reins at Northern, basketball was at a low ebb. In a period of two years he has turned the program around. The university's fans have "cannonized" him as St. John, the miracle worker, or the man who could walk on water.

He was the 1976 Mid-America Conference coach of the year and coach of the nation's "most improved team" in a poll by Basketball Weekly.

HE HAD 26 YEARS of successful coaching in Illinois high school ball. He is best remembered as coach of the 1976 West Aurora team.

Says speedboat races will hurt Grass Lake

Dear Sir:

As the Indians in this area no doubt used to say, white man speaks with forked tongue. And, according to our observations, he still does.

Let me explain my statement. All we hear in this area is how we must save the Chain o' Lakes. They say the dredging project will do it, but this is like putting a postage stamp on a football field.

No doubt the small area dredged two years ago at Grass Lake bridge has all silted back in with the boats going through at such high speed. And then the Chain cannot be saved when thousands of boats every weekend crowd the lakes spewing out gas, oil and sewage into the waters.

AND NOW WE HAVE the latest. The Grass Lake Marina is sponsoring a speedboat race on Grass Lake in excess of 100 miles per hour. That lake is only 1 1/2 to 3 feet deep. Can you imagine how this will churn up the silt in the bottom and help to erode more of the shoreline?

No doubt if the race is a moneymaker it will be repeated. Why is this race being allowed? The conservation department says they can't do anything about it but provide security along with the sheriff's police and Coast Guard.

So doesn't it seem that the ones who talk about saving the Chain are speaking with forked tongue?

Lake Villa's rescue squad needs 'yes' vote

The Lake Villa township rescue squad responded to more than 600 emergency calls last year, including heart attacks, medical problems, automobile accidents and other traumatic emergencies.

"This was done by well trained volunteers who are giving hundreds of hours of their time because Lake Villa township needs them," a spokesman for the squad said.

In 1956, when the squad was organized, the members needed only basic first aid training and provided only transportation to the doctor and hospital.

AS TIME PROGRESSED each member had advanced training until they were providing the "basic life support" program.

Today the Lake Villa rescue squad provides the newest and most "advanced life support" program with its volunteers trained as emergency medical technicians, CPR (cardio-pulmonary resuscitation) instructors, and paramedics.

The squad now has one MICU (mobile-intensive care unit) equipped with hospital radio communication and heart monitoring equipment to serve a township of 15,000 persons.

Two of the vehicles do not meet the state standards and are seven and nine years old. Lake Villa also must rely on help from surrounding communities to provide equipment needed for removal of patients from auto accidents.

ON SATURDAY (May 20) squad members are asking

For Your Information

Lake Villa township residents, taxpayers and rescue squad supporters to vote yes on a referendum.

"For three years the squad has been operating at a deficit, approximately \$3,000 a year with a projected deficit of \$9,000 for 1978.

The type of service demanded by today's standards requires more money, money they can't raise through donations. Therefore, the need for the referendum.

THE REFERENDUM IS BEING held by the Lake Villa Fire Protection District for the Lake Villa township rescue squad. While the state law requires they ask for \$30 on \$10,000 assessed evaluation, it is estimated that passage of the referendum would increase property taxes by only \$8 to \$8.50 per \$10,000 of assessed evaluation. A home evaluated at \$30,000 is assessed for real estate taxes at \$10,000.

The polls will be open from 7 a.m. until 5 p.m. at the rescue squad building, 211 Lake St., Lake Villa.

A yes vote will insure the continuance of the Lake Villa rescue squad and quality service from its 20 volunteer members.

the Pfarr Corner

15' doesn't sound like a lot of money,
but I've got a million friends

By JERRY PFARR

That wasn't rain that fell last weekend. We were drenched by tears ... tears from heaven, from the eyes of Oliver Wendell Holmes.

What did Holmes, that revered former Chief Justice of the Supreme Court, do to be pictured on something as unpopular as the 15-cent postage stamp?

The Postal Service plans to raise the cost of a first-class letter to 15 cents within the next couple of weeks.

MORE APPROPRIATELY, the man pictured on the stamp should have been that postal worker in Pasadena, Calif., who was on full disability for a knee "injury" for nearly a year until he was photographed for a magazine jumping triumphantly over a tennis net.

Or that Staten Island, N.Y., postal employee who had collected \$1,681 in compensation for shoulder pains before he was exposed when a newspaper reported he had rolled a 267 game in a bowling tournament.

Better yet, the stamp should feature President Carter, who suggested the new rate be set at 16 cents for businesses and other institutions.

OUR INSIDE, USUALLY reliable sources at the White House said Carter had a sneaky plan. He wanted "peanut flavor" on the backs of the new stamps. And once you tasted the peanuts, you undoubtedly would have wanted to buy some of his brother Billy's beer.

Benjamin Bailar, before resigning as postmaster general for a job in which he wouldn't have to take such a licking (sorry, couldn't resist it), said the Postal Service's workmen's injury compensation costs have increased more than sevenfold since 1974 and the total may reach \$1.2 billion by 1979.

WHY DID THE COST of a first-class letter soar from 3 cents in 1957 to 13 cents in 1977?

Benjamin Bailar blames "double-digit" inflation since 1970 and others point to strong postal unions that were allowed when the U.S. Post Office was reorganized as the Postal Service.

In 1950 postal employees were underpaid at \$2,600 a year, 20 percent less than the average factory worker. From 1971 to 1975 their average wages increased 67.6 percent, compared to a 39 percent increase in the Consumer Price Index, and now the average postal worker makes about 30 percent more than the factory worker.

WE HAVE NO COMPLAINTS about the Antioch post office ... we know all the wonderful people there. If you mail a letter to an Antioch address it is delivered the next day at the latest.

But if you write to a friend in Wisconsin, as little as three miles away, it might take three days because the Postal Service routes it from Antioch to Chicago to Milwaukee and finally to its destination. To go three miles, a letter might travel 200.

THE GOVERNMENT ACCOUNTING OFFICE has estimated that a single stamp might cost 35 to 40 cents by 1984.

If that happens, we like the idea of flavoring the backs of

the stamps. Since by then we won't be able to afford lunch, we could go to the post office and order "two cheeseburgers."

We suggest the 40-cent stamp carry a picture of Ronald McDonald.

IN THE FIFTH CENTURY, B.C., Xerxes used swift couriers to send back to Persia the tidings of his invasion of Greece. Herodotus (you remember him), impressed with these earliest of postal workers, said:

"Nothing mortal travels so fast. These men will not be hindered from accomplishing the distance they have to go either by snow, or rain, or heat, or by the darkness of night."

We Americans carved that idea into a stone motto and most postal workers have tried to live by it.

Not so in Italy, where a first-class letter costs 22 cents and can take three or four days to get from one side of Rome to another.

Benjamin Bailar still calls our mail service the finest in the world. In the Soviet Union, rates have remained unchanged for more than 25 years. First-class letters cost 5.3 cents and home deliveries continue twice every day ... but you wouldn't want to live there.

NOR WOULD YOU WANT to return to the year 1860 when an elite band of daredevil horsemen, known as the Pony Express, sped the mail across the wildest 2,000 miles of the continent, between Missouri and California, on a punishing timetable of 10 days flat.

Only one member of the fabled Pony Express fell into the hands of hostile Indians, and his horse escaped and finished the run on its own. Another rider managed to get through and passed along the mail with two arrows in him.

Passing the mail from relay rider to relay rider, the Pony Express sped through daylight and darkness the year-around without a halt. They even endured fierce blizzards and 30-foot snowdrifts in the Sierra Nevada.

And now it's getting to the point where, pretty soon, instead of a first-class stamp it might be cheaper to buy your own pony.

Chamber names Mother's Day prize winners

Seventeen prize winners have been named by the Antioch Chamber of Commerce & Industry following its recent Mother's Day promotion.

Nancy M. Kinay, executive secretary of the Chamber, revealed the following winners along with their prizes:

Diane Risch, a shower-head from Antioch Supply; Ruth Martin, two women's haircuts from Lake Area Barber Shop; Birute Stanley of Silver Lake, Wis., a \$25 gift certificate from Foremost Liquors; Carol DeSalvo, a \$20 gift certificate from Antioch Drugs, and Georgette Carlson, a \$10 savings account at the Antioch Savings & Loan Association.

Also, Judi West, a porcelain flower centerpiece from Miss Alaneos Boutique; Mary Cunningham, a \$25 gift certificate from Erickson's Sewing Center; Dorothy Seichowski, a lady's watch from Hahn Jewelers; Julia Breit of Wilmot, a lady's dress from The Globe department store; and Dawn Hunter, a \$25 gift certificate from Gibbs and Jensen's Carousel.

Other winners were: Pat Zydek, a \$30 gift certificate from The Shoe Box; Karen Anderson of Zion, a \$75 gift certificate from Four Squires clothing store; Helen Graeyk, a \$50 savings account at the State Bank of Antioch; Lorraine Murray, of Lake Villa, one dozen golf balls; Jo Williams, a green plant from Lasco's Florist; Bella Breit, a gift certificate and a mum plant from the Ben Franklin Family Center, and Alice Johnson of Ingleside, a crocheted shawl and a blouse from Barnstables' Left Bank.

Village meeting

Continued from page 1

Volunteer Firemen for their annual dance to be held Saturday, June 24.

PARK PERMITS WERE APPROVED for an Antioch Police Dept. picnic on Sunday, July 9, and for the Antioch Jaycees on Sunday, July 11.

Both events will be held at Williams Park.

Mayor Mike Haley smiled and said:

"I have only one question. Who is going to police the police department picnic?"

ALSO ON MONDAY NIGHT, the trustees authorized the payment of \$6,368 to Benes Concrete, Inc., for the village sidewalk program. The money will be paid upon the receipt of material, waivers and contract affidavit, Trustee Vern (Barney) Barnstable said.

Trustee Edgar Simonsen received permission to have Village Clerk Marilyn Sterbenz advertise for bids for a new well, to be dug near the Advertiser publishing company.

The trustees also approved expenses not exceeding \$600 for Mrs. Sterbenz to attend the International Clerks Conference in New York City.

TWO PROBATIONARY FIREFIGHTERS were appointed - Russell C. Bloom and Paul Maplethorpe, the son of Fire Chief Charles (Tod) Maplethorpe.

Richard Quartell was hired as an employee of the public works department at \$6.11 an hour.

Mailing packages? Here are guidelines

Officer-In-Charge Mary P. Chase of the Antioch post office has issued a reminder that if the postal service's new packaging guidelines are followed they can virtually eliminate damage to their packages.

She said surveys at bulk mail plants show that more than 80 percent of all articles damaged in the mails were improperly packaged.

While the regulations and guidelines adopted by the postal service are detailed, they boil down to several basic steps that can help assure safe delivery.

First, select a strong carton. Use a fiberboard box with the "Burst-test" number printed on it.

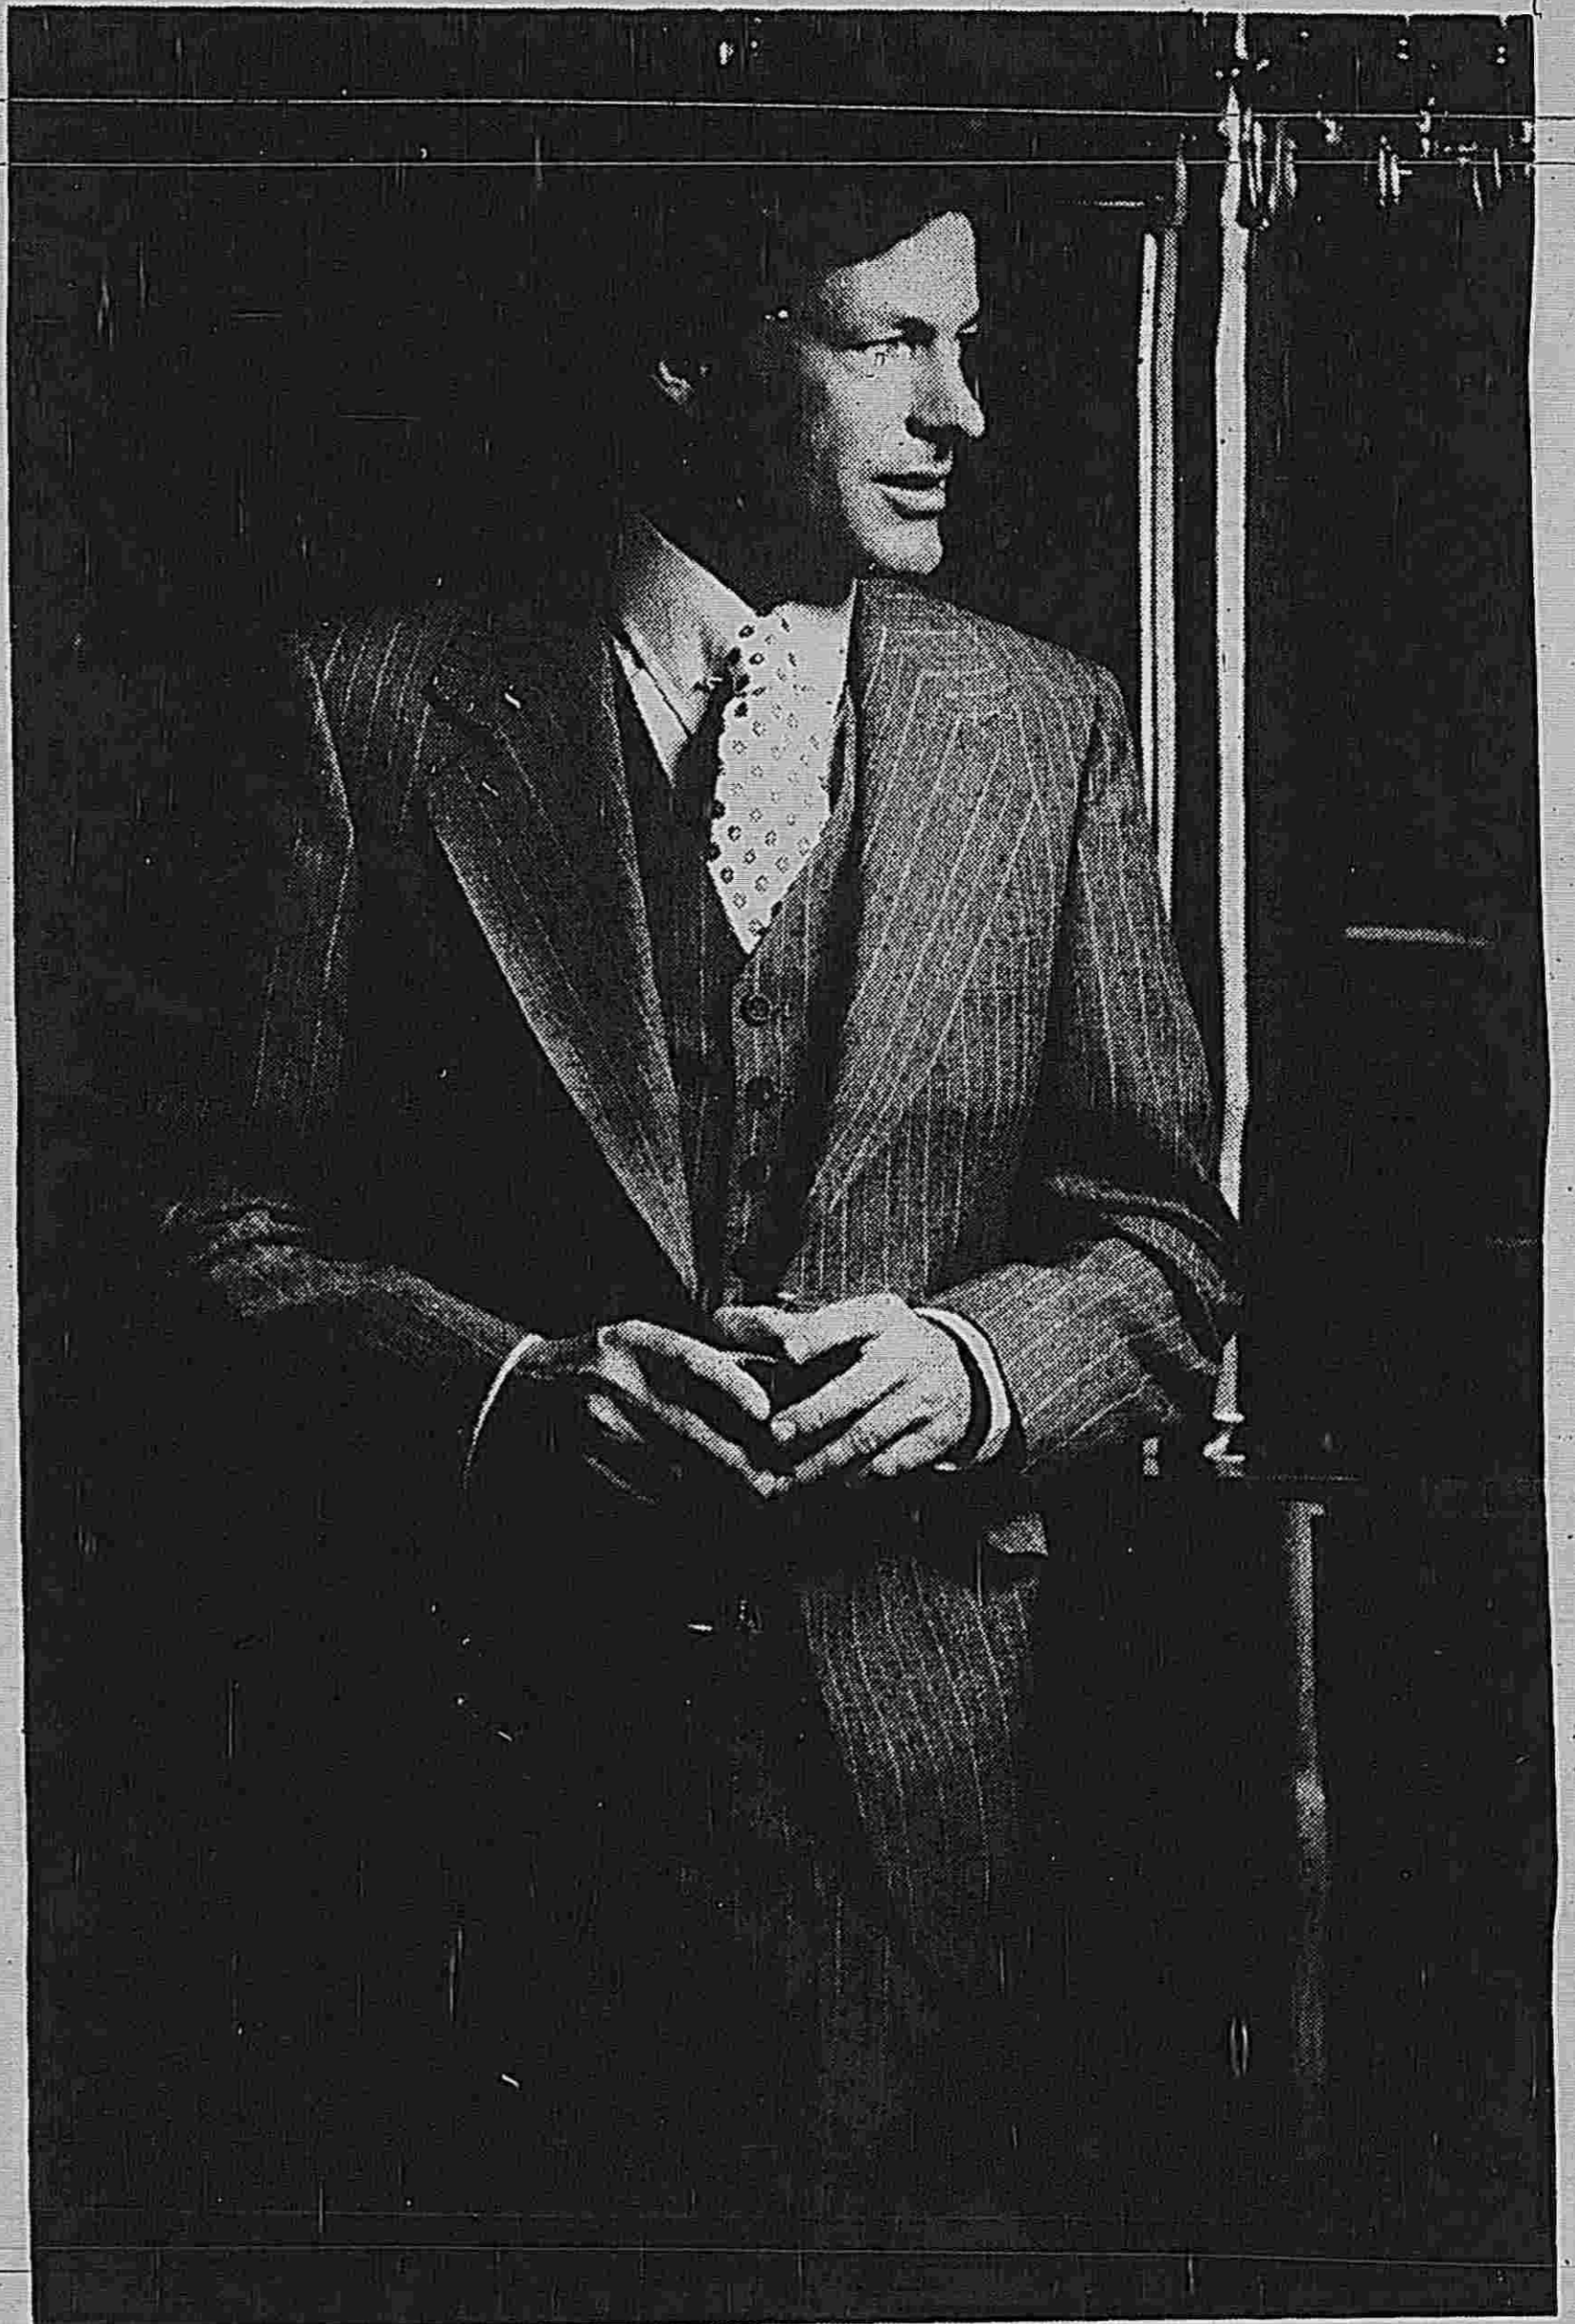

When a person is shipping heavy materials, such as books, stronger boxes are required. For 10 lbs. of books

the postal service recommends a box with a 175 lb. burst test.

The postal service suggest that wrapping paper not be used on cartons. If a wrapper is torn or lost in transit, the mailing address can disappear. Further, the paper adds nothing to the package strength.

The use of masking and cellophane tapes for closing or sealing is prohibited. In transit they tend to peel off, and they have little strength. String is not recommended. If twine loosens, it can readily catch on processing machinery.

Instead parcel post customers are urged to use pressure-sensitive reinforced tapes. They are almost unbreakable.

The battle to reduce air pollution in Illinois is being choked by bureaucratic ineptness, John Henry Altorfer charged in Lake County Friday.

The Sequoias won their first conference baseball game with Round Lake 6-3.

'Police Week' is observed here

Mayor Michael J. Haley has proclaimed this week, through Saturday, May 20, as "Police Week," in accordance with the national observation.

Mayor Haley said: "Antioch wishes to honor the valor, service and dedication of its police officers. Law enforcement officers are our guardians of life and property, and warriors in the war against crime."

"We call upon all our citizens to especially honor and show appreciation for the police officers of the village by deed, remark and attitude," Haley added. "Let's express our thanks to the men who make it possible for us to leave our homes and family in safety each day and to return to our homes, knowing they are protected by men willing to sacrifice their lives, if necessary, to guard our loved ones and property against all those who would violate the law."

2 die in crash, Antioch girl hurt

Two young women from Waukegan and Zion were killed and two others, one from Antioch and one from Gurnee were seriously injured in a car accident Saturday on Sheridan Road in Kenosha County.

Tina Messer, 18, of Waukegan and Cathy Jackson, 20, of Zion were dead on arrival at Kenosha Memorial Hospital.

Those injured included the driver, Barbara L. Darsnek, 19, of Gurnee, who was charged with drunken driving and Kim Ludwig, 18, of rural Antioch, who was a passenger.

Darsnek suffered facial cuts, a broken right leg and a pelvic injury, Kenosha sheriff's deputies reported. Ludwig received head and internal injuries.

Deputies said the car driven by Darsnek was headed south on Sheridan Road at 2:26 a.m. and veered off the west side of the highway, struck a tree and rolled over about three-fourths of a mile from the Illinois line.

Messer was sitting in the front seat between Darsnek and Ludwig while Jackson was in the left rear of the car.

Subdivision planned

Continued from page 1

have some of the structures completed by September or October.

The subdivision plans were displayed Monday night at the village hall by John Frega, an architect from Chicago. He said he represented a group of men who have purchased the property.

The village's approval is contingent upon Frega's group getting the final okay on engineering drawings and obtaining an agreement on their contribution to schools and parks.

In ancient Japan, the ruler was believed too sacred to have his hair, beard or nails cut.

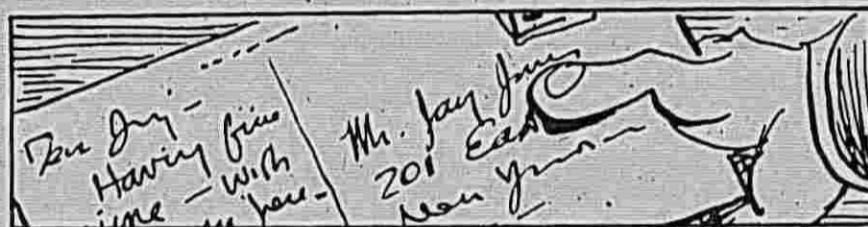

ALMOST EVERYBODY reads the Antioch News. Little Kimberly Benes, 2-year-old daughter of Al and Pat Benes, 426 Birchwood Drive, was photographed enjoying the pictures, at least, as she also enjoyed milk and doughnuts.

Trespasser caught, marijuana found

Antioch police apprehended a suspect for criminal trespass to a vehicle in the Pittman Pontiac lot early Monday morning and then found 2.5 grams of marijuana in his possession and arrested him.

Sgt. Charles Watkins and officer Stan Revell apprehended 23 year-old Richard K. Pearson of Rte. 5, Burlington at 1:25 a.m. on May 15 for trespassing in the car lot.

Upon searching the suspect, the two police officers found marijuana in his possession and took him into custody.

The first postcard was copyrighted by John P. Charlton of Philadelphia in 1861.

ILLINOIS

966 VICTORIA ST.

Along the way with ANNIE MAE

A FEW WEEKS AGO our newspaper ran a picture of a billboard, near Antioch Bowling Lanes, which said in big letters:

"Welcome Shiela and Leslie. Happy 25th Anniversary!" We offered a free subscription to anyone who could tell us more about the billboard. The answer came from Edna Ruck of Lake Villa, and further information was supplied by Mr. and Mrs. Carl Puryear of the Colony House restaurant in Trevor.

The reason it was such a mystery is because Shiela and Leslie Whitton are from Scotland. Leslie, a worldwide marketing manager for Johnny Walker scotch whiskey, was visiting friends, Mr. and Mrs. Bob Richards of Rock Lake. The Richards rented the billboard and along with several others helped Shiela and Leslie celebrate their silver anniversary with a dinner at the Colony House.

WE RECENTLY MENTIONED an unusual date - May 6, 1978 - which could be written 5-6-78.

Al Hansen told us we could have gone even farther with that one. How about 12:34 a.m. on May 6, he said. At that moment it was 1-2-3-4-5-6-78.

LLOYD PEDERSEN, singer and entertainer from Antioch, is still performing in the Chicago area with the Wayne King Orchestra.

They will appear Thursday, May 25, at the Sabre Room, 8900 W. 95th St., and then will perform May 26 and 27 at Willowbrook Ballroom in Willow Springs. On May 28, the group will be entertaining at Itasca Country Club.

WE RECEIVED AN ANONYMOUS phone call Monday, informing us that one of Antioch's leading sportsmen has had his application rejected by a "select society."

The "select society" is called Carp Unlimited, our caller said, and Mr. Brook was turned down because "we felt he didn't meet the group's high standards."

"It is rumored he doesn't have the true ideals of the carp fishermen at heart," the man continued. "He's more interested in taking the 'junk species' such as walleye and bass."

Mr. Brook's response was, "I've been rejected by more astute organizations than Carp Unlimited."

Carp Unlimited was started by a legislator from Chicago who felt if there was a Ducks Unlimited, a Coho Unlimited and a Salmon Unlimited, why not a Carp Unlimited? His group now has about 1,000 members.

Jerry Murphy of Antioch belongs to the group and assured us, "I am going to reply with great indignation to the charges. After all, I was Mr. Brook's sponsor."

ints For Homeowners

WHICH TO BUY—SMOKE OR HEAT DETECTORS?

When you're thinking about true fire protection for your home and family, many experts recommend that you install both smoke detectors and heat detectors.

Many household blazes begin as slow, smoldering fires in which a detectable amount of smoke usually occurs before heat builds up. Since the smoke and toxic elements of smoldering fires can partially deaden the senses of sleeping occupants and make escape more difficult by reducing visibility, smoke alarms should be included as part of every home protection system.

There are, however, other types of fires for which heat detectors are more effective, such as those started by overheated appliances or heaters. In these fast-spreading, extremely dangerous fires, the most easily detected phenomenon is the heat itself, even before the flames develop.

Another reason for installing non-electrical detection alarms in conjunction with smoke detectors is their reliability. Unlike most smoke detector alarms, which require maintenance and periodic testing and are dependent on batteries or electrical current, spring powered heat detectors last

at least 25 years and do not depend on servicing.

Generally, smoke detectors provide more indirect coverage, especially when installed in a hallway which

DON'T BE HALF SAFE— Be sure, by installing both smoke and heat detectors in your home,

separates bedrooms from the rest of the dwelling. But heat detectors respond faster to many types of fires and are more dependable over the years.

While smoke detectors are currently one of the hottest selling consumer appliances, "Vanguard" heat detectors, developed by the Interstate Engineering Division of A.T.O., Inc., have also been most popular. To date, they have been installed in more than three million American homes, more than all other UL-listed brands combined.

That's why experts remind homeowners not to be half-safe, but be sure by installing both types.

ROLLING FIELDSTONE DOWN the hill at the sawmill pond were (from left) Walt Shepard, Tom Haley and Tom's daughters, Cathy Ann and Beth Ann. Mr. Shepard, Antioch's superintendent of public works,

said more volunteer help is needed at the sawmill site this weekend, anytime after 8 a.m. Saturday and Sunday. (See pictures on page 8.)

Memorial Day services in Millburn

Memorial Day services will be held at the Millburn cemetery on Tuesday, May 30, beginning at 2 p.m.

Mrs. Howard Bonner said a local committee sponsors the event every

year. An honor guard from the American Legion post in Gurnee will participate.

In case of rain, the services will be held at the Millburn Congregational church, at the corner of Hy.

45 and Grass Lake Rd.

Ed Kurek, an administrator at Antioch High School, will be the speaker

for the occasion. Mr. Kurek is a veteran of 23 years in the U.S. Navy.

Hot dogs can be frozen for up to two months.

Sawmill progress

At left is Antioch's sawmill as it looks today, with a clear pond of water reflecting its image. Below is a photo taken last year when work on the mill was in its early stages and excavators were digging the pond site along Sequoit Creek.

Dedication ceremonies for the bicentennial project are scheduled Sunday, July 2.

The sawmill will be a working replica of the one built here in 1830 by Hiram Buttrick, one of Antioch's early settlers.

Registration dates set at CLC

Summer classes at the College of Lake County begin Monday, June 5.

Those who have not taken advantage of appointment or telephone registration can register for available classes during "Residual registration" May 31 and June 1 on the Grayslake campus.

Residual (formerly central) registration is for both residents and non-residents of the college's district. Those with last names beginning with the letters "A" through "I"

can register Wednesday, May 31. Remaining students can register Thursday, June 1.

Registration times are from 10 a.m. to 2 p.m. and from 4 p.m. to 8 p.m. in the main campus building.

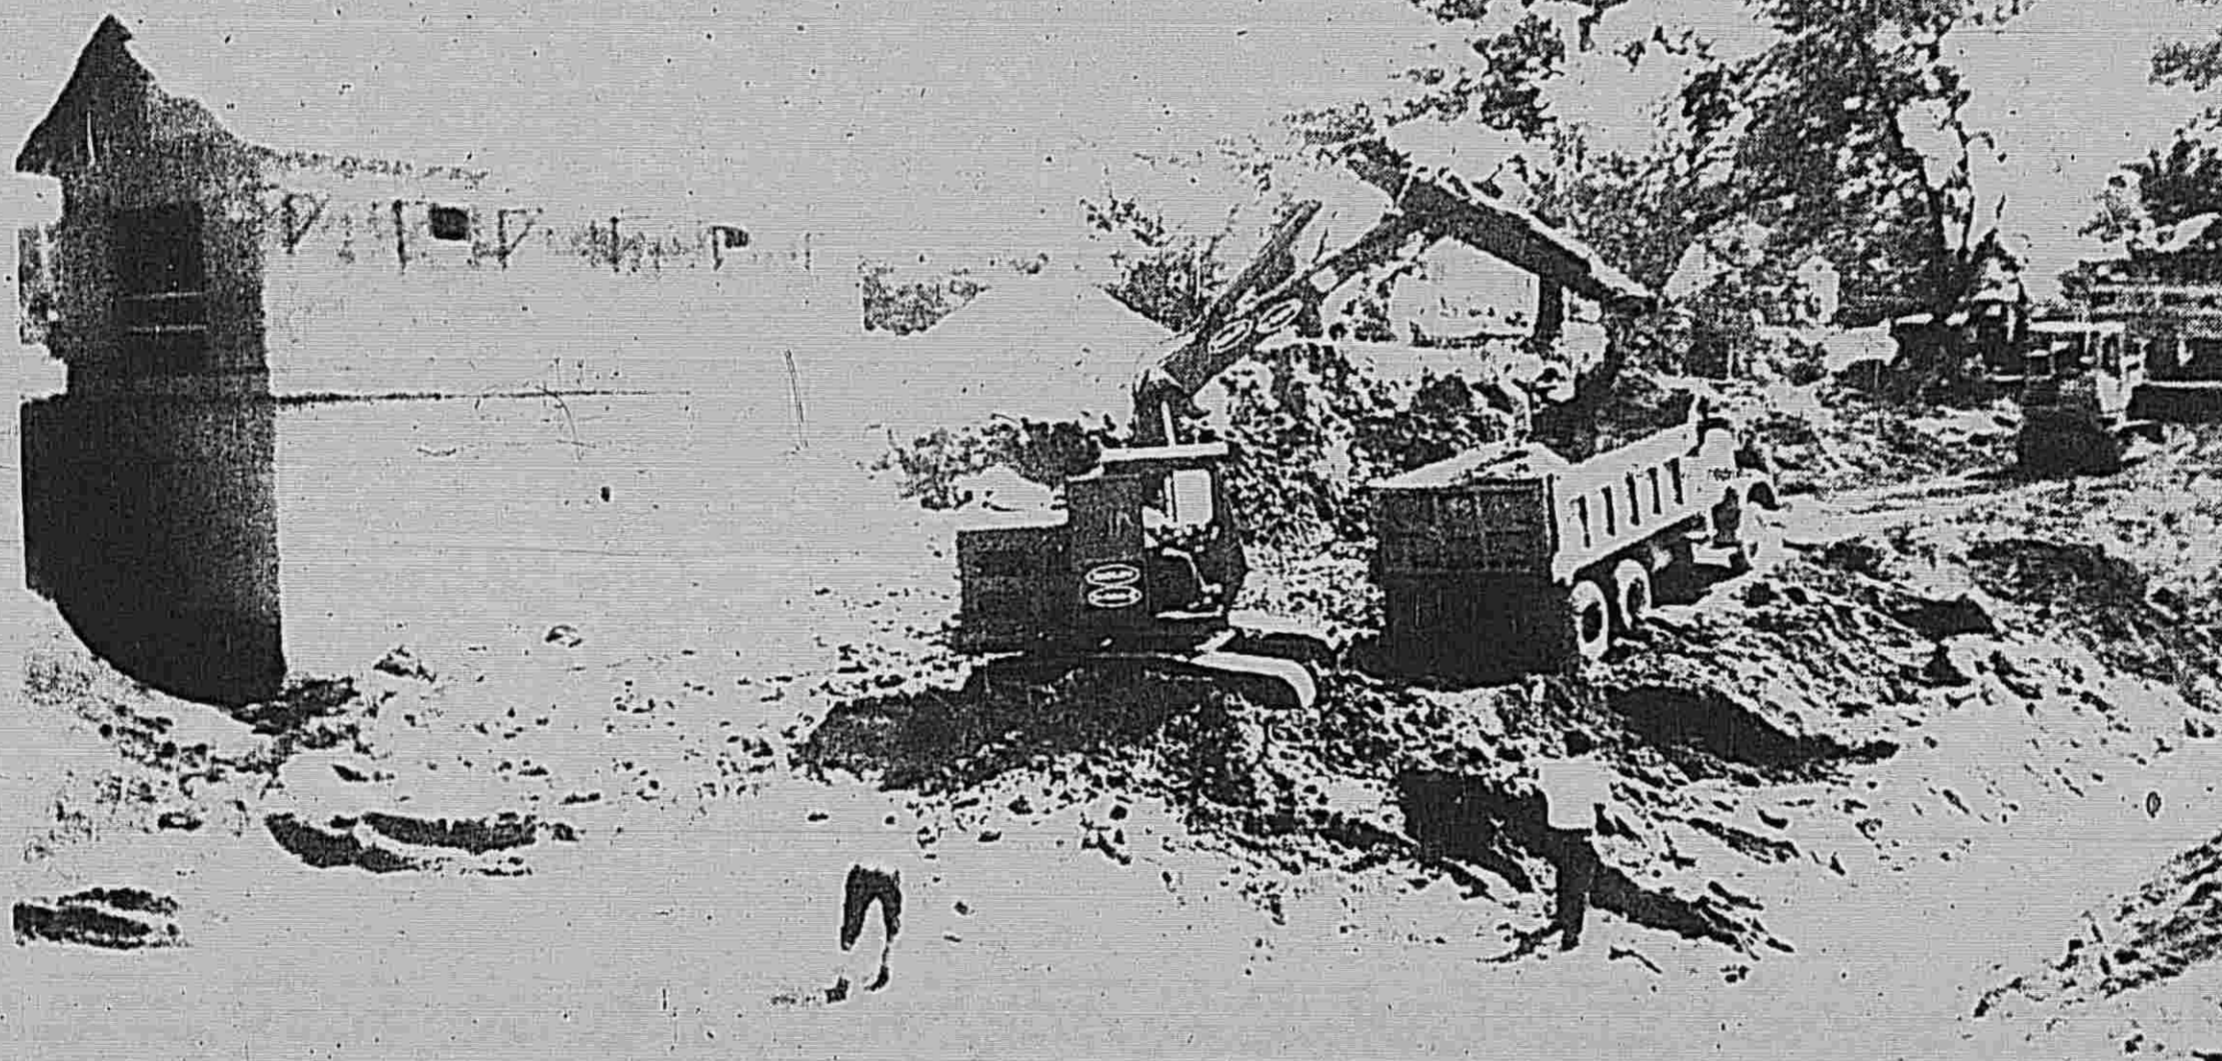

Information is available from the admission office at 223-6601, ext. 300.

Carmel has 2 Antioch graduates

Carmel High School for Boys in Mundelein will hold its 13th commencement exercise on Saturday, May 27. One hundred and seventy-eight seniors will graduate, including Lance Buchta and Douglas Sjostrom of Antioch.

The program, held jointly with the graduation of Carmel High School for Girls, will take place at the school in Mundelein at 5 p.m.

Happiness is a state of mind--try to remember that when worried.

All about town ...

By LINDA WALKER

Did you have a nice Mother's Day? I certainly did. I awoke to a tray of lukewarm coffee, hard toast and something that resembled an egg.

Regardless, it was the thought that counted, and they meant well.

THE PARK AVENUE Mall sign is eye-catching. In case you've forgotten, that's the seven-store mall being built by John Teresi and Ray Scarpelli behind Barnstables Department Store.

Hope it's not long before the list of merchants appears.

THE BEAUTY STOP, 950 Main St., will be celebrating its grand opening the remainder of this week. Doris and Sharon are also planning an open house Sunday, between 4 and 5 p.m.

It's amazing how they have transformed our old Antioch News offices into an attractive beauty shop. I'm sure you'll agree their taste in decorating is superb.

We wish them continued success at their new location. Besides, we like having such nice neighbors.

TED'S STATE LINE is featuring some great buys on Jacobsen lawn equipment during their open house this weekend.

After all this rain your lawn is probably in need of cutting, so cut your work in half with a new mower at 77 prices.

Visit their new showroom soon.

I SEE Petri Bros. TV & Appliances is now carrying a complete line of General Electric appliances including refrigerators, freezers, washers, dryers, stoves and the

ever-popular micro-wave ovens.

Sam Petri opened the large store several months ago with the intent to supply white goods by early spring. Your white goods are here, but where is spring?

THE ANTIOCH NEWS' Little League page started this week. Watch for our photographer if you're at the ball park. His telephoto lens will be used again for "Faces in the Crowd" prizes.

Rod and Karen White of White's Ice Cream Parlor will be giving free sundaes to the player-of-the-game again this year.

The sundaes are available to Little League, minor League, Babe Ruth and girls softball teams.

I SAW JIM OLSON at Nor-Mal IH recently. I commented on the fact that he looked thinner.

"Sure," he said, "I'm a working guy now."

If that's all it takes, I think I'll get out from behind this desk, grab a wrench and join you.

Antioch greets Dr. Skidmore here Sunday

An open house for Antioch Grade School District 34's new superintendent, Dr. Donald E. Skidmore, will be held from 1 to 3 p.m. on Sunday, May 21, at Oakland School.

Dr. Skidmore, who takes over as superintendent on July 1, will come here May 21 with his wife, Evelyn.

The Oakland School "Parents and Teachers for Kids (PTFK)" are inviting the public, including parents and students in the district.

Oakland School is at the corner of Grass Lake and Deep Lake roads and the "open house welcome" will be held in the gym.

Mrs. Jean Hlavin, president of the PTFK, said "everyone is welcome and refreshments will be served. Dr. Skidmore said he is looking forward to meeting the community of District 34."

Student to spend summer in Sweden

Laura Braddock of Lake Villa will spend this summer in Sweden as an exchange student through the Youth for Understanding program.

Laura, a student at Antioch High School, will live with a Swedish family and experience their life and culture.

Laura said she enjoys outdoor sports and is looking forward to sharing her interests with her "Swedish family."

More than 7,000 students a year visit another country through the Youth for Understanding student exchange program.

OPPORTUNITIES ARE still available for qualified students to apply to the program for this year.

Illinois families also can host an international student for six months or a year.

Students or families interested in information can contact Youth for Understanding, 500 N. Michigan, Suite 540, Chicago, Ill. 60611.

NANCY E. HOUSTON

Christian Science

lecture here

"See It Like It Is," a public lecture on Christian Science, will be given in Antioch Tuesday, May 23.

Miss Nancy E. Houston, a Christian Science lecturer from Urbana, will speak in the Antioch High School Commons area at 8 p.m. at the invitation of First Church of Christ, Scientist of Antioch. The public is invited.

Earl J. Beese of Antioch will introduce the speaker. He is chairman for the event.

Miss Houston will tell how drug addiction, anemia, and other conditions were healed entirely through spiritual means, Beese said.

A former assistant professor at the University of Illinois, Miss Houston is on an extensive tour as a member of the Christian Science Board of Lecture-ship.

Spring concert at high school Saturday night

Antioch High School musical groups will be featured in their annual spring concert at 7:30 p.m. Saturday.

Performing in the high school auditorium will be the beginning band, concert band, symphonic band and jazz ensemble.

Highlights will include "Theme From Rocky," by the concert band; "Selections From Oliver," by the symphonic band, and a variety of other music.

The beginning band includes students who have been playing for only seven months. They will perform six traditional numbers.

Tickets cost \$2 for adults and \$1 for students. They will be available at the door Saturday night.

Antioch getting up a parade for July 2

Floats, decorated or antique automobiles, and marching units are being sought for the Sunday, July 2, parade leading to the dedication of Antioch's Hiram Buttrick sawmill.

Merchants and organizations interested should contact Jimmie Quedenfeld, parade chairman, at 503 Naber Ave. His phone number is 395-1355.

"We hope this parade will be a real big one, but it all depends on how much help the merchants, organizations and clubs put out," Quedenfeld said.

The name Priscilla means "somewhat old" in Latin.

HAPPENINGS

THE T-P Taws & Paws are inviting square dancers to their last dance of the season Friday.

It will be an "Aloha-Maypole Dance" at the American Legion Hall on Ida St., east of Hy. 83 in Antioch.

Ted Palmen of Bristol will be the caller. The dance is 8 to 10:30 p.m. with refreshments following.

THE GRASS LAKE CHOIR, which has been organized for six years, will sing at the Old Peoples Aid Society in Lake Villa and Hillcrest Nursing Home in Round Lake. Choir Director Ruth McKenzie appears in both photos with her fifth to eighth grade singers. In the top photo, choir members surrounding her include Chris Mahr, first row left, Susan Steiskal and Mary Anne Drinkwine. In the second row are Susan Nemecek, Terri Shatley and Eve Montalno.

In the bottom photo, Mrs. McKenzie poses with (from left) Marlene Miller, Suzy Samson, Michelle Holtzinger, Lisa Stanek, Timothy Montalno and Laura Mattson.

Harvey to 'hop' on PM&L stage

Harvey, probably the world's best-known - and best-loved - giant white rabbit, will soon come hopping into the PM&L Thater in Antioch.

He is the central character in Mary Chase's Pulitzer Prize-winning play, which, of course, is named after him.

"Harvey" will open Saturday night, June 3, at PM&L, 877 Main St. in Antioch. Subsequent performances are

scheduled for Friday and Saturday nights, June 9, 10, 16 and 17. Curtain time on all five nights will be 8:30 p.m.

The PM&L production is directed by Don Beveroth, long familiar to Antioch theater-goers.

Tom Hausman, also a PM&L veteran, plays the part of Elwood P. Dowd who, to put it mildly, has a special relationship to Harvey.

Others in the cast include Dena Fabry as Myrtle Mae Simmons, Yvonne Dyer, Robin Macier, Lillian Allen, Pam Guardi, Larry Bersie, Dick Dyer, Frank Greenwood, Irene Hahn, George Blanksten and Bill Seemann.

"PM&L is particularly fortunate to be able to announce that the part of Harvey will be played by the same actor who portrayed that role in the original Broadway cast," Beveroth said.

SPEAKING OF THE original Broadway production, he pointed out that it ran for 1,775 consecutive performances.

"While the PM&L production will not have that long a run, it is obvious that "Harvey" is a very popular play indeed. It would therefore be wise to call 395-3055 to make your reservations well in advance of the night you plan to see the show," Beveroth added.

NAMES in the News

JACKSONVILLE, Ill.

Miss Laura Ann Kessler, a senior, the daughter of Mr. and Mrs. H. Richard Kessler, Route 4, Antioch, was among MacMurray College students honored at the annual and awards convocation during the spring parents' weekend on campus.

The awards recognized students who have demonstrated academic excellence and campus leadership.

Miss Kessler received an award for exceptional executive ability and leadership, plus highest honors in general scholarship.

She is a psychology and learning disabilities major.

TWO ANTIOCH students were among 1,362 spring semester graduates who received degrees last Saturday at Eastern Illinois University in Charleston.

John G. Meyer was awarded a bachelor of arts degree and David J. Yuska received a bachelor of science degree with a secondary teaching certificate.

A Lake Villa student, Jo Anne Sheeran, was awarded a bachelor of science degree in education.

American Heart Association

WE'RE FIGHTING FOR YOUR LIFE

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Rely on self-confidence to push forward, pursue the undertakings you desire to advance career. Industrious efforts pay off. Financial problems can now be solved.

TAURUS [April 20-May 20] - Others are impressed by your independence and capabilities. By mid-week you can effectively enforce those inventive ideas into a workable plan.

GEMINI [May 21-June 21] - Strive for a more harmonious relationship with neighbors and kin, keep good communication lines open. Community affairs and projects offer a good source of recreation.

CANCER [June 22-July 21] - Good reasoning abilities, coupled with determination puts you to the fore where personal pursuits are involved. Maintain a pleasant disposition.

LEO [July 22-August 21] - Don't enter into new projects without premeditation and careful planning. Progress and success comes through persistence; avoid rash actions.

VIRGO [August 22-September 22] - Success through travels is indicated; contact people at a distance who can help get future plans underway. Literary abilities are keener.

LIBRA [September 23-October 22] - You can now receive honors, favors you've worked for. Others are more apt to take notice of your abilities and intentions. Employment matters.

SCORPIO [October 23-November 21] - Gains through mutual agreements are indicated. A harmonious trend for forming partnerships, signing contracts. Increased popularity with business associates is helpful.

SAGITTARIUS [November 22-December 20] - Most activities are focused around outside events or with other people; self-interests now seem secondary. Past problems can be resolved with mate or partner.

CAPRICORN [December 20-January 20] - Allow plenty of time for recreational activities and outside interests; more perspective is gained by being diversified. Dealings with fellow workers is more rewarding.

AQUARIUS [January 21-February 19] - New startings can add insight; your quest for gaining new knowledge or increasing the education should be encouraged. Work on developing creativity.

PISCES [February 20-March 20] - Potential is excellent; make this a productive week. Be thorough in all undertakings pertaining to finances, speculative ventures.

Where Our Customers Send Their Friends
Service Is Best And Cars Cost Less

PRIZE WINNERS at the Antioch Moose Lodge were Dale Frasch (right), who won a TV set, and Vern (Barney) Barnstable, who won a "Mr. Coffee" in a contest connected with the remodeling of the lodge. Dave

Zickus (left), past governor of the lodge, poses with the micro-wave oven won by a resident of Paddock Lake.

Moose Lodge has a new 'class atmosphere'

If you haven't been to the Moose Lodge lately, you'd be surprised at its new look.

The lodge has completed a \$15,000 remodeling job since the first of the year under the direction of past governor Dave Zickus.

New drop ceilings were installed in the clubroom and also in the 2,800-square-foot lodge room.

There is new carpeting throughout the building which fronts on Antioch's Main St. and extends for more than half a block toward Broadway.

"THE CLUBROOM HAS been newly paneled and dressed up with decorative lights and new bar stools," said Zickus. The project was completed in April. Formerly the clubroom had old stucco walls. The bar was extended so it now seats 40 persons instead of 24.

The restrooms also are newly remodeled and the kitchen has been enlarged. A new stove and steam table were installed. The kitchen serves weekly fish fries on Fridays.

The old roof leaked, Zickus said, so a new roof was put on the building.

Stan Lech was co-chairman of the remodeling, along with Zickus. The lodge now has a membership of 640, plus about 260 members of the Women of the Moose.

Zickus pointed out that Ray Dwyer, "one of our good members," donated \$500 toward the remodeling.

Fund-raising events helped defray the cost of the project.

Multi-year license plates ready

The first multi-year license plate system adopted in Illinois history will

start with the mailing of registration renewal applications this July.

Secretary of State Alan J. Dixon said:

"The 1979 plate will be made of aluminum with substantial thickness and reflectivity to last five years. Along with the first plate, stickers will be issued for renewals on a staggered monthly plan."

Passenger cars, motorcycles and mopeds are the vehicles included in the revised license plate system.

The tulip originated in Central Asia and gets its name from the Turkish word for turban.

The normal American woman speaks at the rate of 175 words per minute as against 150 for the average male.

MEMBERS OF the Moose Lodge (left) enjoy the new elegant atmosphere after a \$15,000 remodeling job in the clubhouse.

NEW DECORATIVE lights adorn the walls of the Moose Lodge (below) following the extensive remodeling done since the first of the year.

One insurance agent is the best policy.

A handful of insurance policies won't guarantee complete insurance protection. When you ask your Country Companies agent to take care of all your insurance needs, he can spot the gaps that leave you and your family unprotected.

Your Country Companies agent will also look for overlapping coverage and unnecessary policies while making sure you have the right kind of insurance in the right amounts.

Find out for yourself why one agent—your Country Companies agent—is the best policy for health, life, auto, home, farm and business insurance.

The Country Companies. We're a little different than most insurance people.

Oakland School offers physical exams

Oakland School's "Parents and Teachers for Kids" organization will offer physical examinations Saturday, May 20.

All students entering kindergarten, first, fifth and ninth grades require a complete physical before the school year begins. Many camps also require physicals as do all sport involvements.

On May 20, from 9 a.m. to 5 p.m. the cost will be \$10, cash only.

Dr. Robert Barnes and his staff will be at the school, corner of Grass Lake and Deep Lake roads, to administer the physicals.

Parents must bring the child's physical form, filled out. Immunizations will be available.

"Nothing is so firmly believed as what we least know."

FISHING SUCCESS in Florida was enjoyed by three young Antioch men. Andy Lehn, 2315 Carriage Lane, Lindenhurst, left, is pictured with the 21 lb. barracuda he entered in the junior division of the Metropolitan South Florida fishing tourna-

ment. He also caught 22 bluefish weighing from 10 to 15 lbs. Also pictured is Jack Fields, center, and Gene Lehn on the right. They fished out of Miami Beach with Capt. John Barker on the "Helen C" as guide. Andy will receive a citation for his catch.

Skateboards, bikes can be dangerous, police chief warns

Many young children in Antioch are riding their bikes in the street and not watching out for cars, which could have tragic results, Antioch Police Chief Chuck Miller warned.

With the summer months approaching, Miller asked parents to watch their younger children closer, especially those on skateboards, three-wheelers, and Big Wheel bikes playing on sloping driveways.

He said the sloping driveways seem to be appealing places to play and that often children ride out onto the road without watching for cars.

Miller said parents should discourage children from playing in these areas as much as possible.

He also asked residents not to park cars alongside the road where they could block the view of small children coming out in the road.

"Children are getting very negligent in looking first before riding in the road," he added.

Miller said police squads have noticed kids darting out in front of cars and said it should be the parents' responsibility to keep them out of the street in order to ensure a safe summer.

Maple trees planted by the Pilgrims in 1620 are still giving sap for maple syrup.

WHEN YOU'RE PROUD OF YOUR LAND,
LET IT SHOW.

CUB CADET® GARDEN TRACTOR

The beautiful lawns and gardens are the result of time, effort, and care. The greater the pride you take in your efforts, the prouder you'll be of the results. And when you rely upon the Cub Cadet for garden care, you've done your best.

With its dozens of work attachments, the Cub Cadet makes light work out of back-breaking chores: tilling, hauling, cultivating, mowing, raking, snow removal, and even bulldozing.

The Cub Cadet is designed for service. A sturdy automotive type chassis, direct drive transmission, and a "Maintenance Minder" to indicate when periodic service is needed, these are just some of the reasons why Cub Cadets outperform and outlast other garden tractors, and why they have a traditionally high resale value.

Five models to choose from: 10 to 18 hp, hydrostatic or gear drive. See the Cub Cadet for yourself. You'll be proud you did.

FOR PROFESSIONAL RESULTS, TRUST A SEASONED HAND.

JP's WEEKLY SPORTS QUIZ

Brought to you by John Prill
and LYONS-RYAN
FORD LINCOLN MERCURY

One June 14, 1965 this man pitched 10
innings of no-hit baseball against
New York only to lose 1-0 in the 11th.
Who is he?

Third correct caller after 6 p.m. on Wednesday is
weekly winner.

This week's prize: Engine Tuneup

Answer will appear next week along with this week's
winner.

Be a Winner on the Sports Quiz
or on a Great Deal on a New or
Used Car or Truck

395-3900

Last Week's Winner: V. Jordan, Antioch
Answer: Whirl-a-Way, 1941

STUDENTS TOUR STATE BANK - The State Bank of Antioch hosted a group of fifth graders from B.J. Hooper Grade School, Lindenhurst, which included a demonstration by Mr. Ed Roach, comptroller of the State Bank, on the proof machine in the bookkeeping department. From left to right, Paul Kinas, assistant cashier in the State Bank loan department; Lynn Koesser, Eileen Stebbins, Ricky Bedard, Lynn Boynton. Back row, left to right: Gary Link, Denise Welenter, Janet Stelter and Richard Cmiel.

IMPRESSIVE VAULT - Fifth graders at B.J. Hooper School last week toured facilities of the State Bank of Antioch. Ed Roach, State Bank comptroller, demonstrated the purpose and function of the vault and safe deposit area to, left to right, Sherry Swieca, Joelle Hansen, Lisa Schran, David Hendricks, Allisen Ludlow, James-Duffy, Matt Pelkington, Richard Stevens and fifth grade teacher Helen Wolfinbarger.

FIFTH GRADE TOUR - A State Bank of Antioch tour gave fifth grade students of B.J. Hooper School, Lindenhurst, an opportunity to observe facilities of the bank and to monitor the microfiche reader, demonstrated by Paul Kinas, assistant cashier. The microfiche gives instant

account information. From left to right: Allen Webb, Drake Dietz, Bob Dvorak, Mike Reijonen, Tony Gebauer, Ed Roach, State Bank comptroller; Izzy Rivera, Helen Wolfinbarger, fifth grade teacher; Clarence Wolf and Greg Gauthier.

Letter Getting stuck in mud turns out 'heartwarming'

To the Editor:

The friendliest and best people live in and around Antioch.

Walk down its streets and nine of 10 people will greet you! Young and old alike.

Saturday evening, as we were driving home after a card party, our driver missed the curve at Tiffany Road and North Ave. and got stuck in the mud, off the road.

She thought we would have a hard time getting help!

You just never saw so many kind people stop and help us. Young and old alike! Who says young people are bad? The young people and old got out and helped us. They seemed to creep out of the hay!

She didn't have time to thank them and would like to do so now.

Thank-you-all!

Eva Fields
North Avenue

Park, recreation programs planned

By the end of the week all Antioch village and township residents will receive the Antioch park and recreation summer program schedule, a park official said.

Sue Koppa, village recreation coordinator, said registrations can be mailed in or accepted at the park office in the village hall.

All registrations will be accepted on a first-come, first-serve basis, Mrs. Koppa said.

She added that "an exciting summer program has been planned and the park department hopes many people take advantage of the programs and the village parks this summer."

GOVERNMENTAL ODDITIES

Curiosities And Blunders That Affect Millions

After a government agency banned the use of a plastic bottle for cola drinks, the truth came out. Even if a child could drink 3,000 quarts of beverage every day for a year from the bottles, the child would be no more affected than if the bottles had been made of glass, steel, aluminum or gold! Yet the government

ruling is resulting in the elimination of 800 jobs.

Conference track meet rained out

Antioch High School's track team was all ready to compete for the conference championship last Saturday but was rained out.

The event was re-scheduled for Monday, but water and mud caused further postponement.

It appeared as if the championship meet finally would be held Tuesday evening, after this issue of the Antioch News went to press.

State Bank golf league organizing

The first meeting of the season of the State Bank of Antioch Women's golf league will be held at 9:30 a.m. Tuesday, May 23, at the Spring Valley golf course.

Spring Valley is located off of Hy. 83 just north of Antioch in Salem, Wis. All women interested in joining the league are encouraged to attend.

Those who cannot make the first meeting should contact President Shirley Carlson at 395-1533 or secretary Eileen Zannini at 395-4176 to ask to be placed on the sign-up sheet.

Regular league play will start on the morning of June 13.

High School football meetings scheduled

The spring sign-up meeting for Antioch High School varsity football candidates will be held at 3 p.m. Sunday in room 158 of the school.

All athletes should use the east entrance of the high school.

The new head varsity coach Steve Wapon, said the meeting is very important and will include all necessary pre-season information for varsity football players.

Any varsity candidate unable to attend should contact Coach Wapon before the meeting.

Those athletes interested in the sophomore football team should attend the sign-up meeting at 3:45 p.m. on Thursday, May 25, in room 158 at the school.

Any sophomore football candidate unable to attend should contact Coach Tom Baba prior to the meeting.

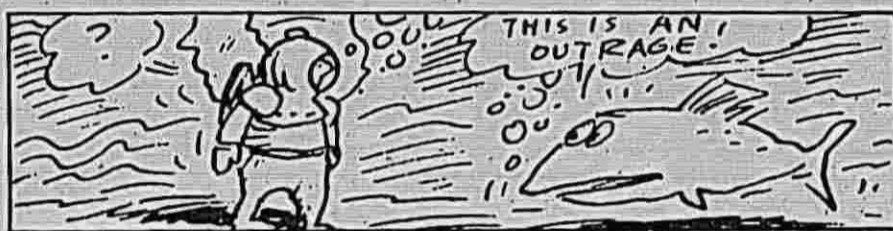

McAvoy stars for Iowa Wesleyan

Tom McAvoy, a sophomore at Iowa Wesleyan College majoring in physical education, is enjoying a successful baseball season at his college.

McAvoy, the son of Mr. and Mrs. John McAvoy of Antioch, has now hit safely in 13 of 15 games for his Tiger team in Cedar Rapids, Iowa. Two years ago McAvoy was a star baseball player for Antioch High School.

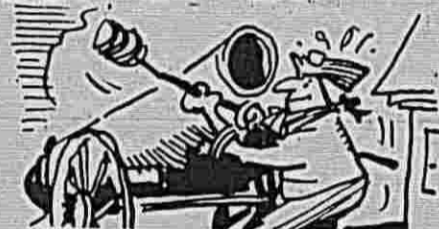

One of the high points of his college career recently came during the coach's absence, when Tom coached the varsity to a doubleheader victory over Mt. Mercy College, also in Cedar Rapids.

The sophomore will receive a letter in baseball and received a letter last fall for football.

In some places the Pacific Ocean is more than 36,000 feet deep.

State Bank now leads 3-2; what's next?

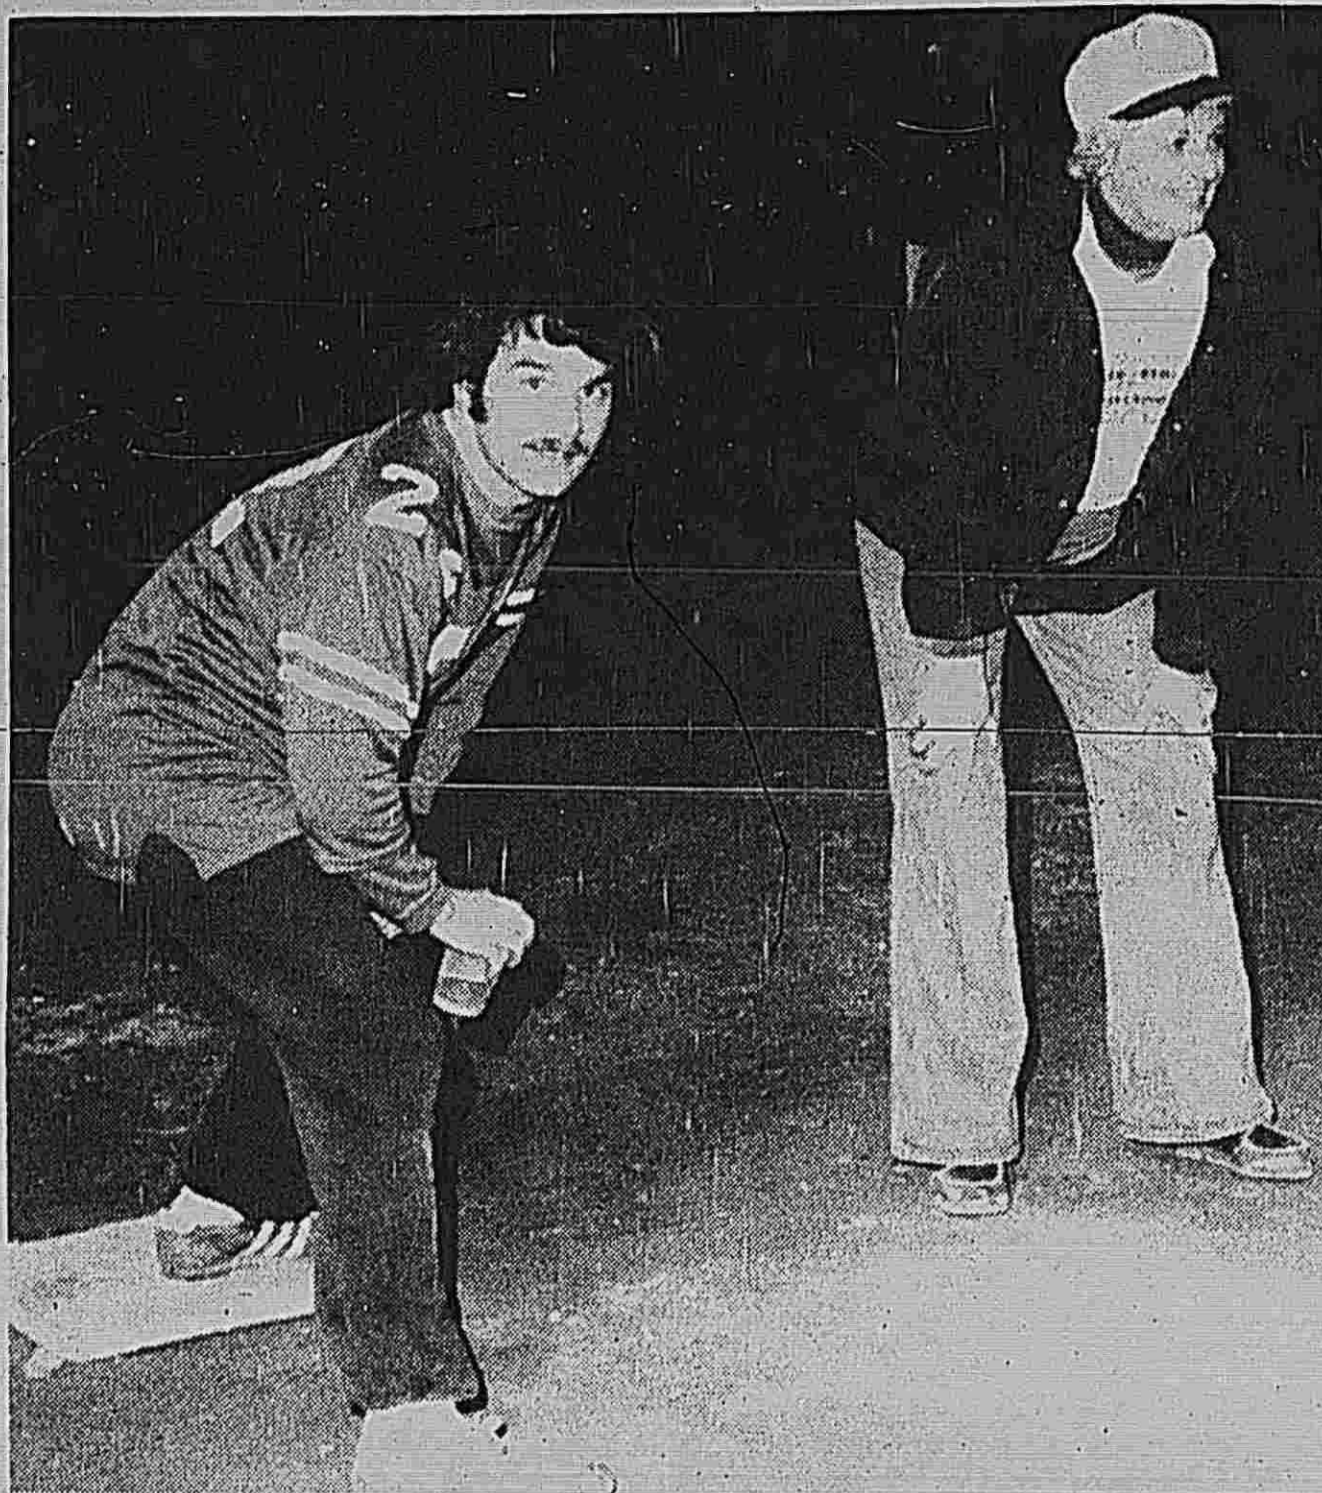

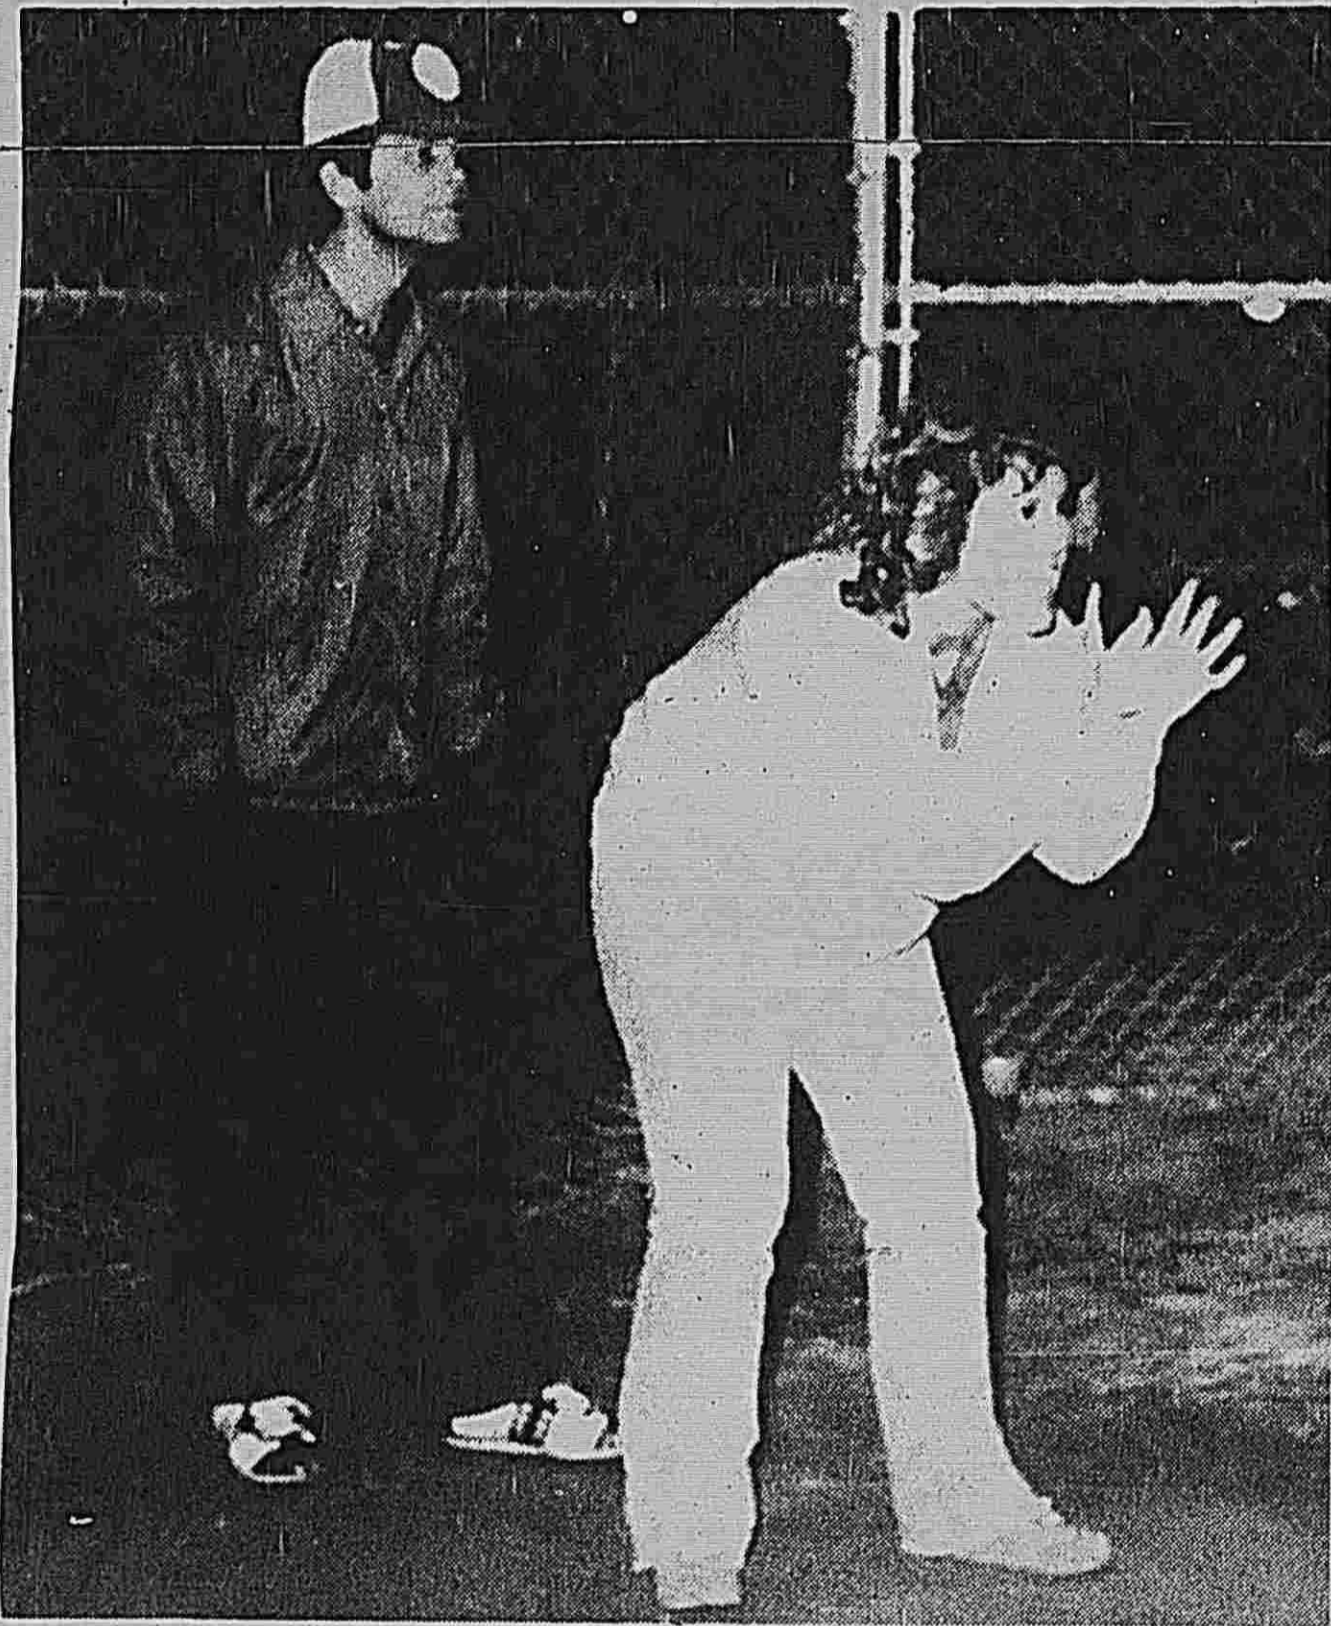

LAW AND ORDER was assured last week when the State Bank of Antioch and the Savings & Loan Association resumed their friendly sports rivalry at the Little League park.

Umpiring the softball game was Ted Evans and, even though his wife Chris works at the State Bank, Ted's fairness could be trusted because he's a corporal with the Libertyville police department. Catching for the Savings & Loan was Mary Pitts, the game's only lasting casualty. She hurt her leg and is still on crutches.

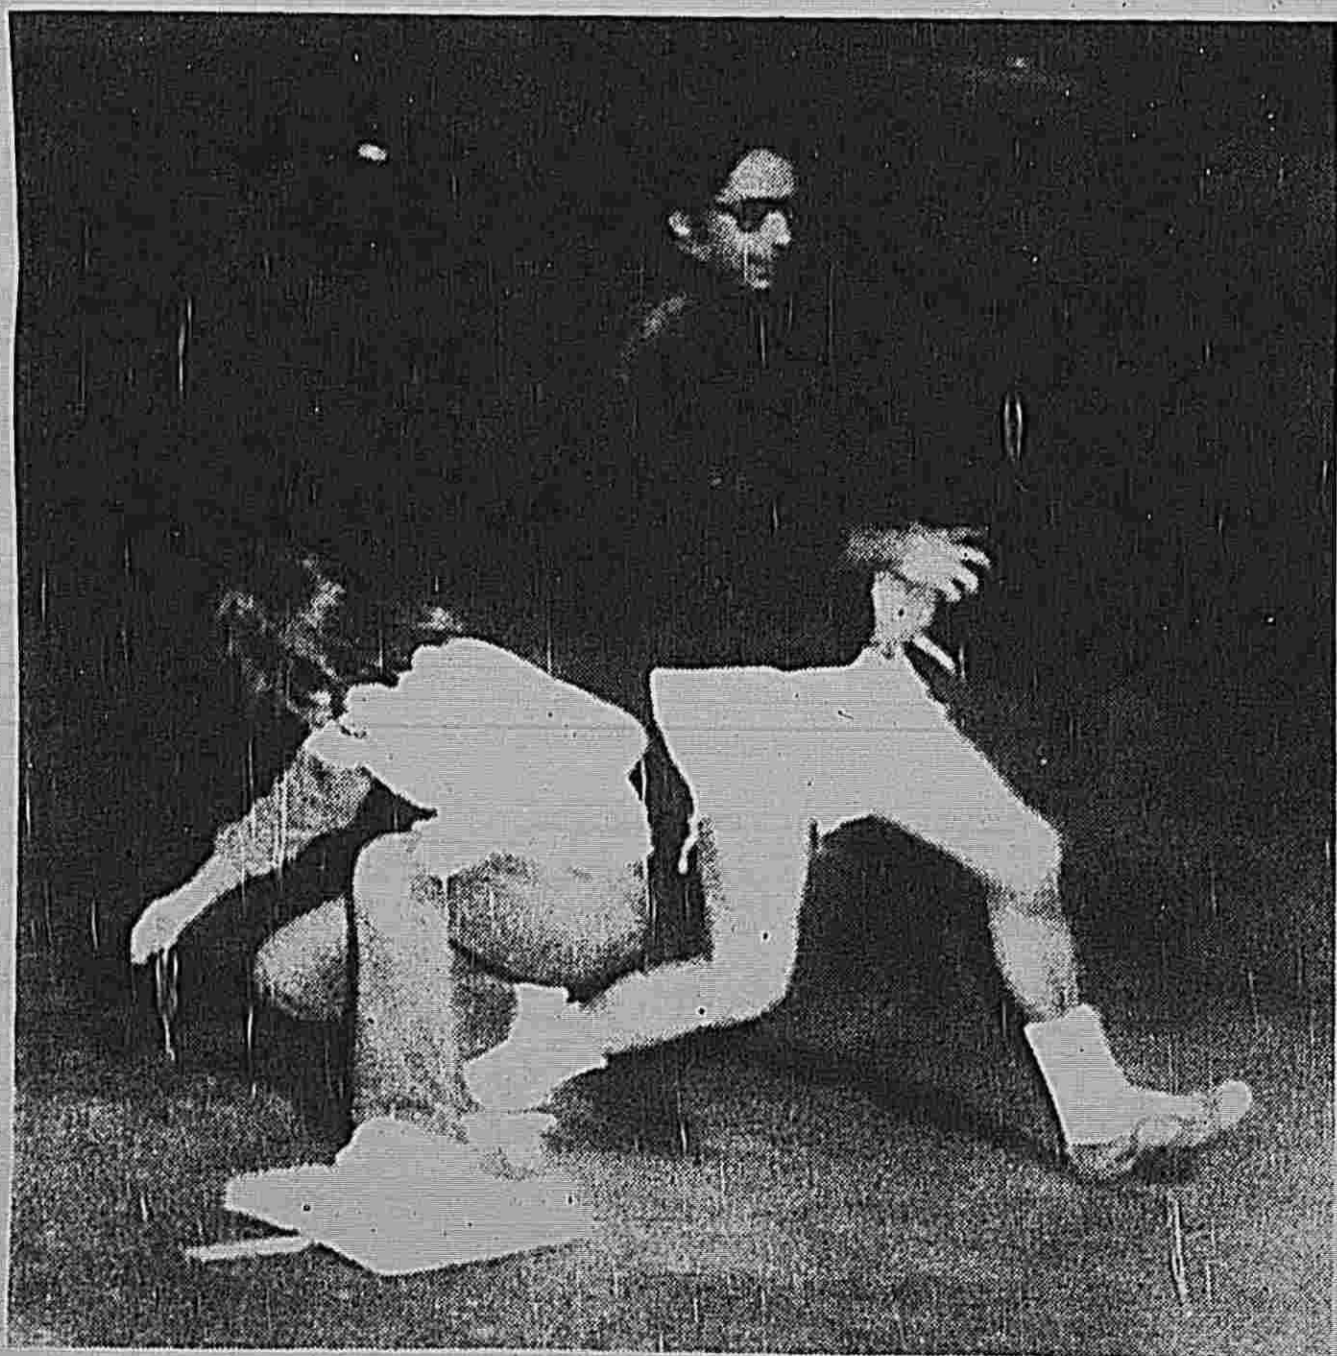

The State Bank won the game 26-10 because of its superior "manpower." Bud Holtz, township assessor who was the field umpire, also played no favorites.

Bill Brook's State Bank "athletes" now have triumphed in softball, bowling and volleyball. Tom Kelly's Savings & Loan team has won in swimming and racquetball.

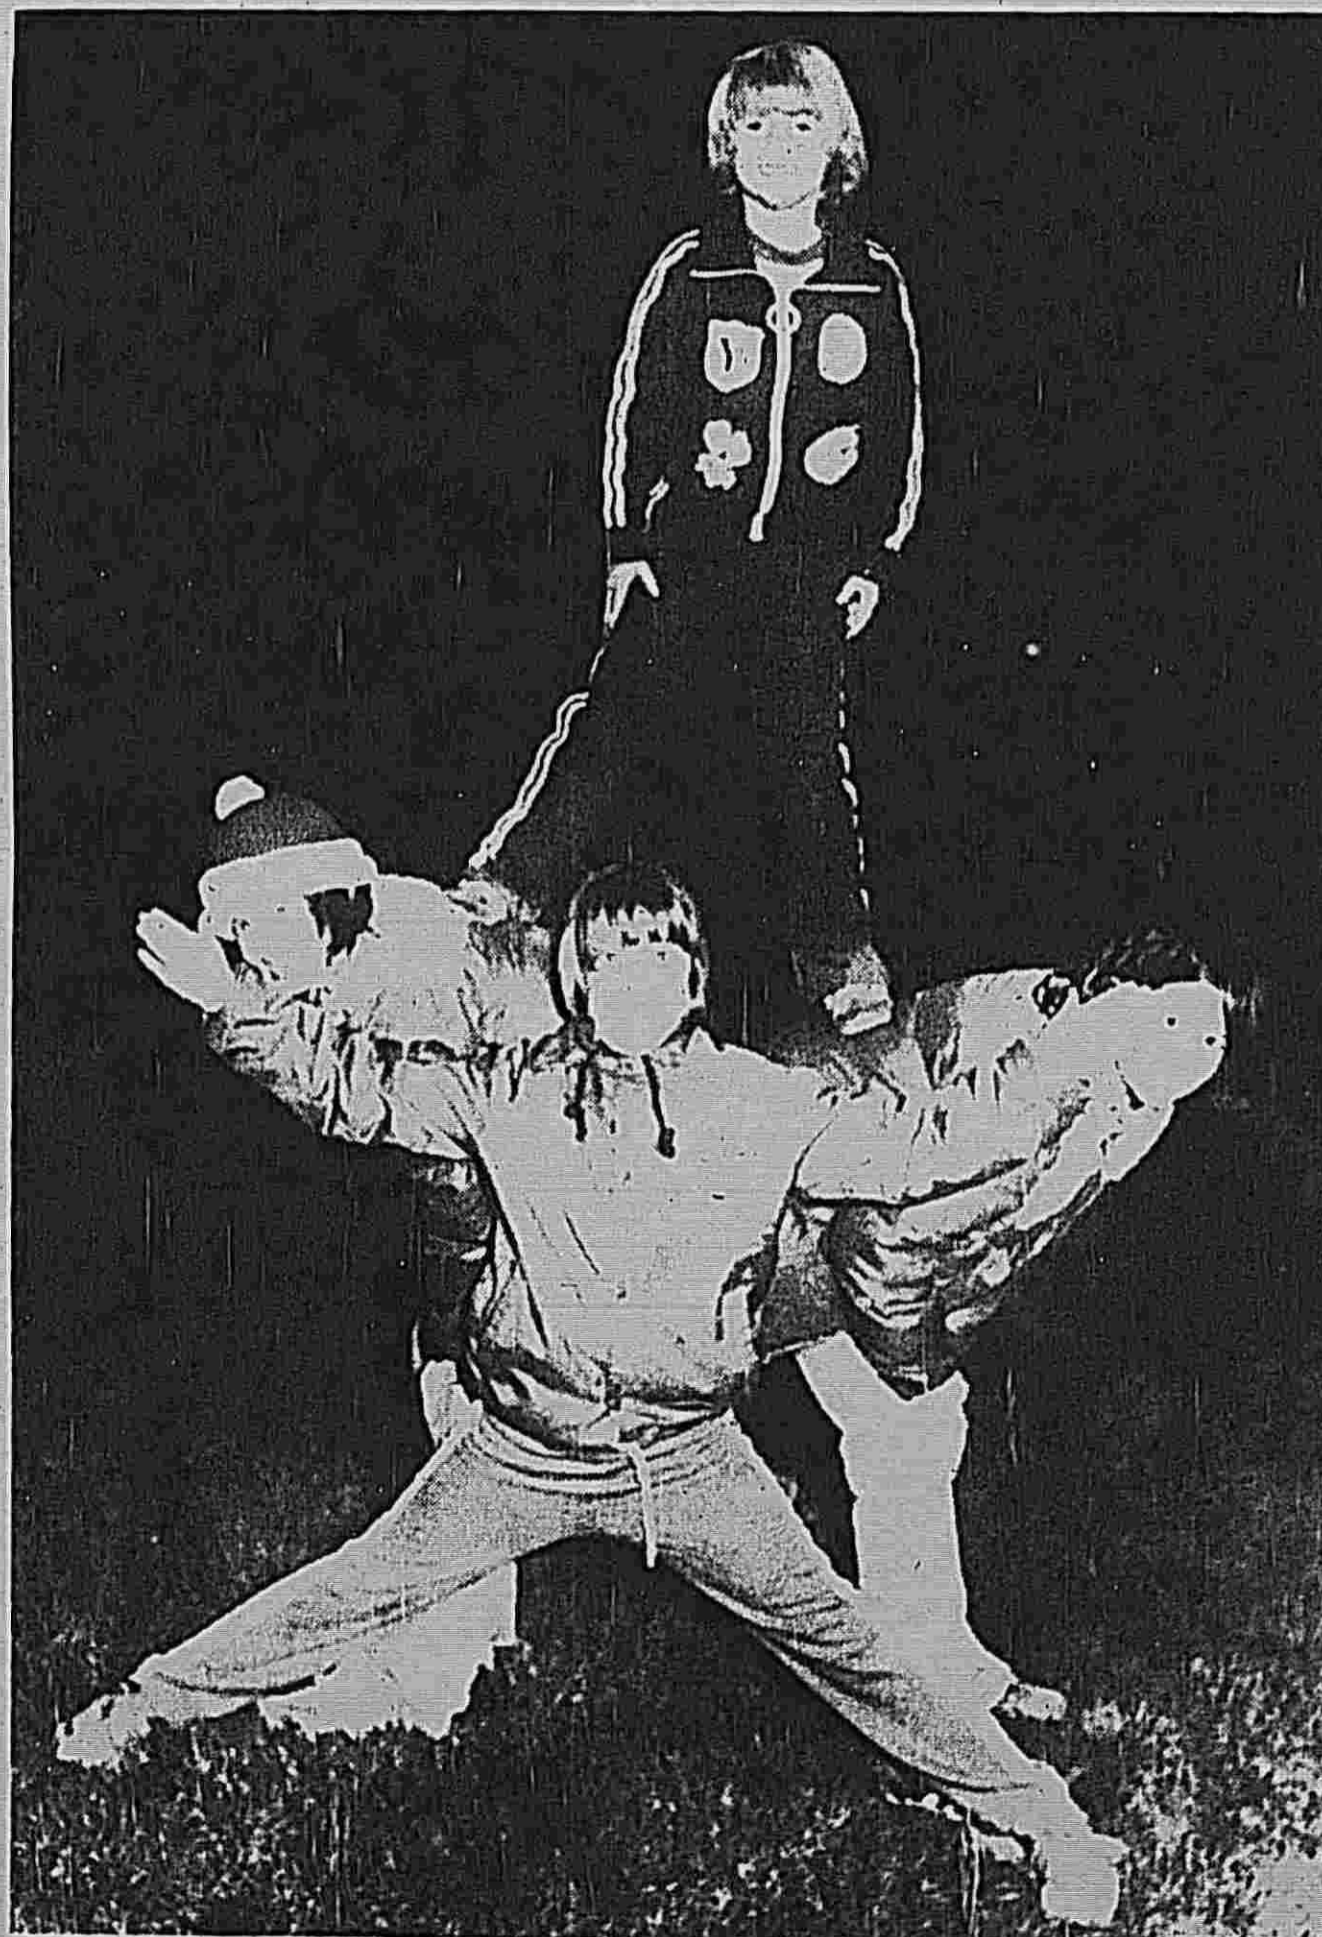

In order to regain the "athletic supremacy trophy," Mr. Kelly is trying to come up with another game in which his team can triumph.

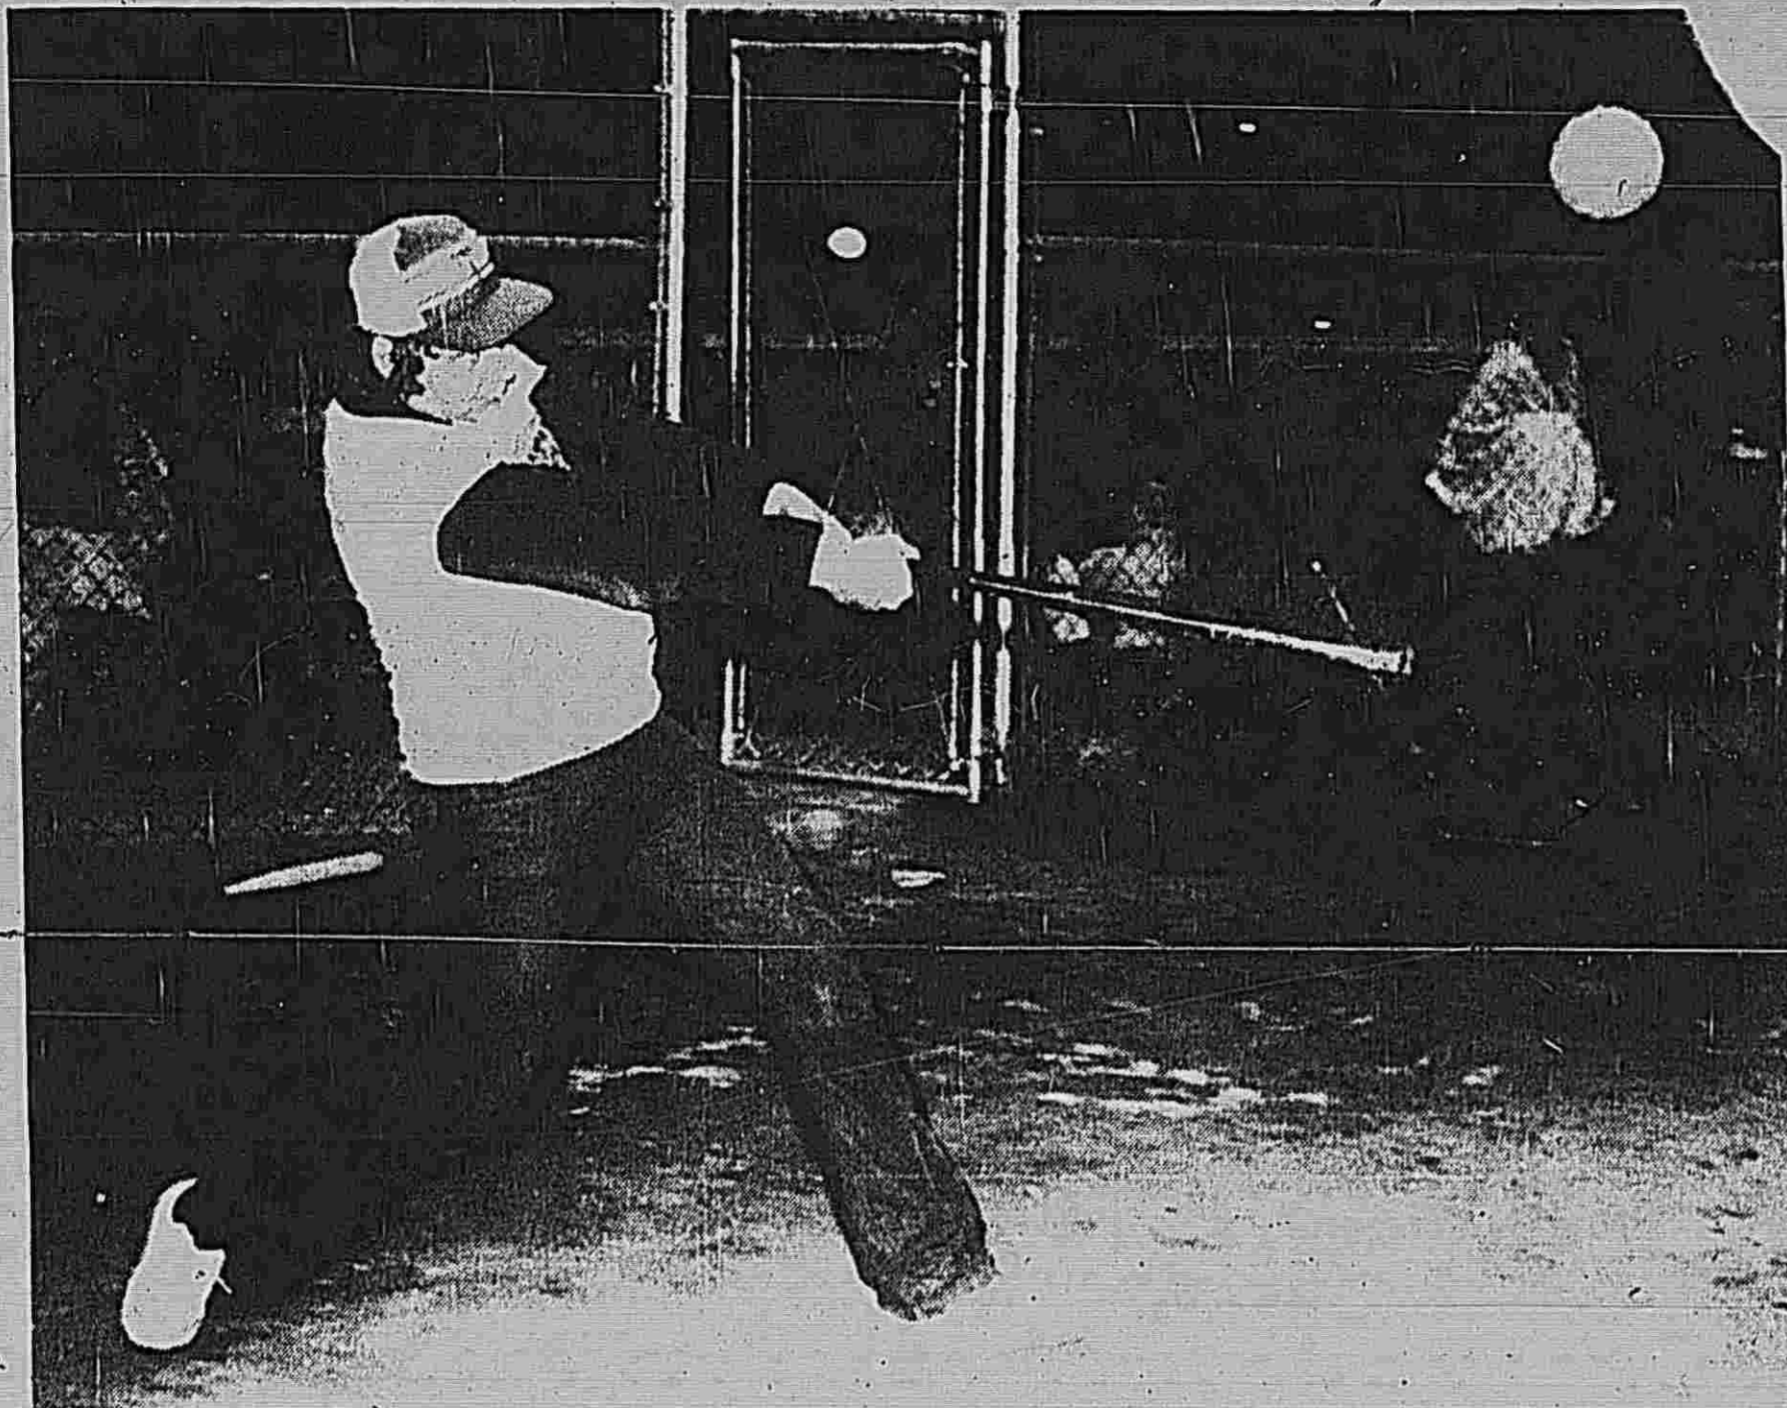

REACHING THIRD BASE for the Savings & Loan was Laddie Korecek. Reaching third base was very desirable in the game because it meant you could chat with Carolyn Blanchette, who starred at that position for the State Bank.

SAFE OR OUT? Don Jackson of the Savings & Loan was called out on this play at first base. "Print the picture," Jackson told the photographer. "I think I was safe." Well, here's the picture and we don't see the ball in the hands of the State Bank's first baseman, Sue Mueller.

THE STATE BANK WON the game, but the Savings & Loan had the cutest cheerleaders - four of the children of Savings & Loan president Tom Kelly. In front is Colleen, at left is Kathryn, at the right is Kerry and on top is Kirsten. Future "Honey Bears" if we ever saw any.

THE STATE BANK'S ANSWER to Dave Kingman, a slugger named Ken Wermeling, helped his team rout the Antioch Savings &

Loan team 26-10 in a softball game last week.

INTS FOR ANDY OMEOWNERS

Spring Into Action,

Don't wait till the last minute—or the first weeds of the season may make your lawn "out of sight!" Here are some tips from the Outdoor

ALWAYS START THE SEASON with a clean spark plug—or a new one if necessary.

Power Equipment Institute for getting your lawn mower ready before the season starts.

1. If you haven't had your machine serviced in a year, make sure to make an appointment with your dealer long before the robins arrive.
2. Make sure the carburetor air filter is clean—or does it need replacement?
3. Before you start your mower, clean the spark plug and make sure it doesn't need replacing.
4. Change the oil and fill the tank with gas.
5. Before you use the mower, reread the operating instructions in your owner's manual.

Take care of your mower and it will continue to serve you efficiently.

Dug Out Park plans 2 tourneys

Dug Out Park in Trevor has set the dates for two more softball tournaments.

The "May Open" invitational 12-inch slowpitch tournament will be held Saturday and Sunday.

It will have a consolation bracket so each team will be guaranteed two games.

ONE-LINER

A woman's tears are the greatest water power known to man.

Speedway has big schedule this weekend

By MICHAEL H. BABICZ

Mother Nature was the big winner over Mother's Day weekend at the Waukegan Speedway as both Saturday and Sunday's programs were washed out.

As a result, the "Beat Your Neighbor" debut has been rescheduled as part of the late model and hobby stock show this Saturday. It will be the first chance for race fans to try their luck on the clay.

SUNDAY WILL FEATURE a Powder Puff race for ladies as they make their first attempt on the clay. The Interstates Racing Association (IRA) super-modifieds will try again after having not run at Waukegan since Apr. 16 due to the weather. Hobby stocks will also be on hand.

Saturday has also been designated as "Armed Forces Night" at the Speedway. Representatives of the armed services will be on hand.

COMING UP MEMORIAL DAY weekend is "Veteran's Night" on Sunday, May 28, to kickoff three days of racing.

Racing begins at 8 p.m. with time trials at 7 o'clock and the gates opening at 6 every race night.

The track is just east of Rt. 41 on Washington St. in Waukegan. The weather and information phone is (312) 662-8200.

The average \$1 bill stays in circulation for 18 months.

The Little League Page

SOME OF THE STARS of last year's Antioch Little League season are gone -- graduated to the Babe Ruth league -- but among those returning are Frank Mahar, who once again will be giving super pitching performances for the Lyons-Ryan Cubs.

Antioch's Little Leaguers, all keyed up for their season openers, were disappointed Sunday and Monday when a wet and muddy field caused postponement of the first four games.

So the openers are expected to be played tonight (Wednesday) when the Orioles meet the Giants at 6 o'clock and the Tigers play the Cardinals at 8 o'clock.

Other games coming in the next few days follow:

THURSDAY

Yankees vs. Astros at 6 p.m., Cubs vs. Dodgers at 8 p.m.

FRIDAY (postponed from Sunday)

Tigers vs. Orioles at 6 p.m., Yankees vs. Cardinals at 8 p.m.

SATURDAY (postponed from Monday)

Giants vs. Cubs at 1 p.m., Astros vs. Dodgers at 3 p.m.

NEXT MONDAY, MAY 22

Dodgers vs. Giants at 6 p.m., Cardinals vs. Yankees at 8 p.m.

NEXT TUESDAY, MAY 23

Tigers vs. Astros at 6 p.m., Orioles vs. Cubs at 8 p.m.

ints For Homeowners

NEED MORE SPACE?

Ask any group of homeowners what's the biggest problem in living today—after saving energy—and chances are they'll say "not enough space."

One way to beat the problem is by making better use of existing space. Hardware and home improvement centers are full of products today specifically designed to answer the widespread cry for "more space!" Look at shelving—

compact, simple-to-install decorative and utility shelves and brackets that are size-adjustable for family rooms, basement or garage walls, under stairs, in closets. By planning ahead, storage can be arranged according to use frequency, with the active items nearest at hand, next the "sometimes" or seasonally needed, and finally "dead storage"—a category to be periodically checked for possible discards.

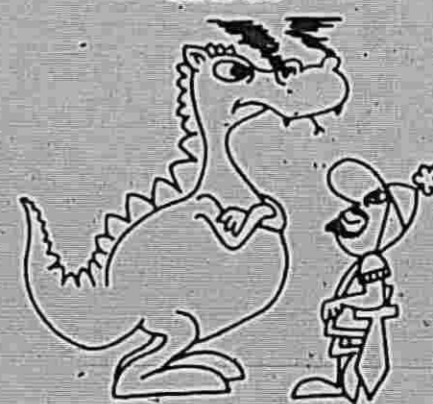

INNER SPACE—One solution to not having enough room in your home is to make better use of existing space.

Other space savers are sliding or bi-fold doors, sized to fit into existing

closet openings. When doors don't have to swing open into a room, more space becomes available for storage furniture.

Is your garage bulging with ladders, bicycles, lawn mower and barbecue grill? Consider a yard storage building you and a family helper can assemble from a kit in a weekend. They're like "painting by numbers," and assembly is just as easy. Made of durable wood, they can be finished to match and live in style with the house for its lifetime.

Perform a death-defying act.

Stop smoking.

American Heart Association
WE'RE FIGHTING FOR YOUR LIFE

Wood Carving— Engraving An Image

Carving is the art of cutting natural materials into desired shapes. Wood has been used through the ages because of its availability, low price and the qualities of color and texture.

Ancient carvings were used in religious ceremonies. Ornately carved wood has decorated both interiors and exteriors of buildings since the 6th century.

More recently, in America, pictorial shop signs were carved and hung until 1900. Today there is renewed interest in carving as an art form and as a craft.

An ancient Iranian legend has it that three languages were spoken in the Garden of Eden: Adam and Eve spoke in Persian, the most poetic language; the Serpent in Arabic, the most persuasive language and Gabriel in Turkish, the most menacing language.

OBITUARIES

Andrew J. Aguero

Mr. Andrew J. Aguero, 35, of Hoffman Estates, passed away suddenly Tuesday, May 9, at his home. He was born Dec. 31, 1942 in Chicago then moved to Paddock Lake in 1947, to Schaumburg in 1969, and to Hoffman Estates a week ago.

He had served in the U.S. Army reserves in 1967. He had been employed as program manager in data processing for Harper College and six years ago became employed as project manager for Addressograph Multigraph Corp. in Schaumburg.

He is survived by his parents, Andrew D. and Stella Aguero of Paddock Lake, Wis. and one brother, Roger D. Aguero of Paddock Lake.

A funeral mass was held Friday at Holy Name Church in Wilmot. Rev. Mark Lyons of that church officiated. Interment was in Holy Name Cemetery, Wilmot. Arrangements were made by Strang Funeral Home.

Charles H. Hocking

Mr. Charles H. Hocking, 77, of Silver Lake, Wis., passed away Friday, May 12, suddenly at his home. He was born Jan. 23, 1901 in Minneral Point, Wis. He had lived in Wis. for many years and later moved to Pennsylvania and Chicago before moving to Silver Lake in 1969.

He had worked for the National Dairy for 33 years retiring in 1962 as supervisor of quality control. He married Janet Warner on Dec. 21, 1929 in Whitewater, Wis.

Survivors include his widow Janet; 2 daughters, Helen (Kenmore) Velchek of Kewanee, Wis., Betty (Richard) Schoonover of Berkley, Calif.; two sisters, Anne Griffith and Nettie Thomas; 6 grandchildren and 4 great grandchildren. He was preceded in death by nine brothers and sisters.

Funeral services were held Monday at the Strang Funeral Home, Antioch, with the Rev. Merlin Hoeft of the Salem United Methodist Church officiating. Interment was private.

Summer Band registration forms due soon

Students interested in participating in the Antioch grade schools' summer band program must fill out and return registration forms by next Tuesday, May 23.

There will be a program for students from the fourth through eighth grades, director Larry Wagner said.

The five-week summer program keeps the students practicing on a moderate basis and ties the school years together, Mr. Wagner said.

The program will be offered from June 19 through July 21. Mr. Wagner has asked parents to make sure their children return the registration forms by next Tuesday.

THE GRADE SCHOOL BANDS' spring concert will begin at 7:30 p.m. Thursday. Both the junior and senior bands will offer a variety of selections.

On Monday, May 29, the students will participate in

Antioch's Memorial Day parade. Then, on June 5, they will perform at the Upper Grade School's graduation ceremonies.

From Tuesday, June 6, until Friday, June 9, the senior band will travel to Springfield and Champaign.

LAST THURSDAY, the Upper Grade School senior band competed in the Wilmot Invitational contest and won 14 superior ratings in various categories of judging.

At the end of the evening the Antioch group received a trophy and award as "the outstanding band of the contest."

Superior ratings went to Antioch for tone, intonation, balance, technique, interpretation, musical effect and other factors such as discipline and appearance.

Names in the NEWS

MRS. EDWARD E. Brandige, Rt. 3, Box 454, Antioch, will serve as chairman for the Salvation Army's Doughnut Day, Friday, June 9.

The Antioch Woman's Club has adopted Doughnut Day as an official club project and will assist in the activities.

More than 8,000 volunteers will sell paper dough

nut tags on street corners in Chicago and 135 suburban communities.

The income goal \$200,000 and the funds will help benefit more than 1.5 million men, women and children in the area who will be helped in 1978 through the social welfare services provided by the Salvation Army.

IT'S THE MOST

The most years worked by one person is 86. This record was set by Polly Gadsby who started at the age of 9 and wrapped elastic for the same company until the age of 95 in 1932.

BACKGROUND ON BUSINESS

Workers' Wants

Most good business people have found it a big help, if they want to succeed, to have a good understanding of the needs of their employees, including their attitudes towards unions.

The National Labor Relations Act specifically states that employees have as much right to oppose a union as they have to join one, and many workers are doing just that. Throughout

the country only a fifth of the labor force is unionized.

At J. P. Stevens, for instance, employees have rejected the union in 11 out of 12 elections held.

Several explanations have been given for the union's loss record. These include community opposition to union organization. There is opposition by the workers

themselves... without unions, they consider themselves well off.

Stevens, the nation's second largest textile manufacturer, has found that a direct relationship with its employees works not only to the best interests of the company, but to the benefit and best interests of the employees themselves.

Sharon & June

The Art Of Hair
Beauty Salon

OPEN: Wed. thru Sat.
789 N. Main St., Antioch, Ill.

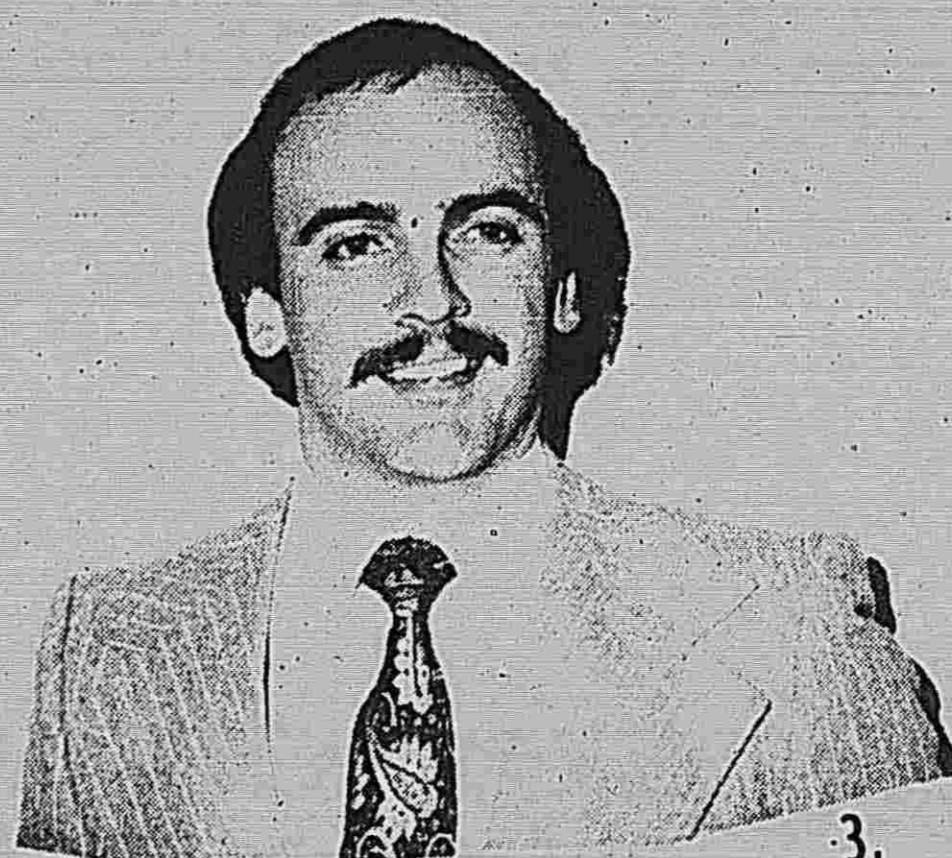

The most many textile industry workers are likely to be paid might very well come from the J. P. Stevens Company. As of September, 1977, Stevens workers earned six percent more than the industry average on an hourly basis and ten percent more on a weekly basis. Their earnings also approximated those of all manufacturing employees in the southeastern region of the country where most of Stevens plants are located.
